

Bolshevists. Everywhere in Germany the Soldiers' and Workers' Councils were springing up and assuming power, as they had done in Russia. It was these groups which on November 10 elected a Council of People's Representatives, with Ebert at its head, to govern Germany for the time being. In December the first Soviet Congress of Germany met in Berlin. Composed of delegates from the Soldiers' and Workers' Councils throughout the country, it demanded the dismissal of Hindenburg, the abolition of the Regular Army and the substitution of a civil guard whose officers would be elected by the men and which would be under the supreme authority of the Council.

This was too much for Hindenburg and Groener. They declined to recognize the authority of the Soviet Congress.

it was linked with Supreme Headquarters at secret line. Ebert was alone. He picked up the speaking," a voice said. The former saddle man by the day's events which had suddenly thrust hands whatever political power remained in a was impressed. General Wilhelm Groener was dendorff as First Quartermaster General. Earlier at Spa it was he who, when Field Marshal von had bluntly informed the Kaiser that he no longer loyalty of his troops and must go—a brave act. The Kaiser never forgave him. Ebert and Groener had of mutual respect since 1916, when the General had war production, had worked closely with the in November—a few days before—they had discussed how to save the monarchy and the Fatherland.

Now at the Fatherland's lowest moment a brought them together. Then and there the the second-in-command of the German Army though it would not be publicly known for many years to mine the nation's fate. Ebert agreed to put down Bolshevism and maintain the Army in all its traditions upon pledged the support of the Army in helpment establish itself and carry out its aims.

"Will the Field Marshal agree to

Rowberry, 2022-04-05 This first book length analysis of Amazon s Kindle explores the platform s technological bibliographical and social impact on publishing Four Shades of Gray offers the first book length analysis of Amazon s Kindle and its impact

on publishing Simon Peter Rowberry recounts how Amazon built the infrastructure for a new generation of digital publications then considers the consequences of having a single company control the direction of the publishing industry Exploring the platform from the perspectives of technology texts and uses he shows how the Kindle challenges traditional notions of platforms as discrete entities He argues that Amazon's influence extends beyond disruptive technology to embed itself in all aspects of the publishing trade yet despite industry pushback he says the Kindle has had a positive influence on publishing Rowberry documents the first decade of the Kindle with case studies of Kindle Popular Highlights an account of the digitization of books published after 1922 and a discussion of how Amazon's patent filings reflect a shift in priorities Rowberry argues that while it was initially convenient for the book trade to outsource ebook development to Amazon doing so has had adverse consequences for publishers in the mid and long term limiting opportunities for developing an inclusive and forward thinking digital platform While it has forced publishers to embrace digital forms the Kindle has also empowered some previously marginalized readerships Although it is still too early to judge the long term impact of ebooks compared with that of the older technologies of clay tablets the printing press and offset printing the shockwaves of the Kindle continue to shape publishing
