Consumerism and Prestige Anthony Enns, Bernhard Metz, 2022-07-05 This anthology explores the relationships and interdependencies between literary production and distinctions of taste by examining how the material aspects of literary texts such as the cover binding typography and paper stock reflect or even determine their cultural status In many cases for example the distinctions between highbrow and lowbrow taste have little to do with the content of the texts themselves as books often function as markers of socioeconomic status like clothing or home decor One might even go so far

as to say that the concept of literary taste is more closely related to fashion sense than critical judgment The anthology seeks to address this claim by examining how the tensions between consumerism and prestige reflect fundamental historical changes with regard to the development of technology literacy and social power

Universal Access in Human-Computer Interaction. Access to Today's Technologies Margherita Antona, Constantine Stephanidis, 2015-07-18 The four LNCS volume set 9175 9178 constitutes the refereed proceedings of the 9th International Conference on Learning and Collaboration Technologies UAHCI 2015 held as part of the 17th International Conference on Human Computer Interaction HCII 2015 in Los Angeles CA USA in August 2015 jointly with 15 other thematically similar conferences The total of 1462 papers and 246 posters presented at the HCII 2015 conferences were carefully reviewed and selected from 4843 submissions These papers of the four volume set address the following major topics LNCS 9175 Universal Access in Human Computer Interaction Access to today's technologies Part I addressing the following major topics LNCS 9175 Design and evaluation methods and tools for universal access universal access to the web universal access to mobile interaction universal access to information communication and media LNCS 9176 Gesture based interaction touch based and haptic Interaction visual and multisensory experience sign language technologies and smart and assistive environments LNCS 9177 Universal Access to Education universal access to health applications and services games for learning and therapy and cognitive disabilities and cognitive support and LNCS 9178 Universal access to culture orientation navigation and driving accessible security and voting universal access to the built environment and ergonomics and universal access
