Communication de crise en Côte d'Ivoire Kacou Goa,2021-05-06 Les analyses et réflexions axées sur la problématique de la communication de crise en Côte d'Ivoire permettent d'une part de révéler les sources, les enjeux et les conséquences de la communication publique et globale en période de crise. Elles nous permettent d'autre part d'observer de nombreuses entropies, notamment la communication zero et les incommunications qui sont des actions et pensées attentatoires à la communication positive et efficace. Cet ouvrage traverse des cas vécus, les paradigmes de la communication de crise et propose la gestion méthodique ou professionnelle de la communication en contexte de crise.

The Palgrave Handbook of Media and Communication Research in Africa Bruce Mutsaers,2018-03-22 This handbook attempts to fill the gap in empirical scholarship of media and communication research in Africa from an Africanist perspective. The collection draws on expert knowledge of key media and communication scholars in Africa and the diaspora offering a counter narrative to existing Western and Eurocentric discourses of knowledge production. As the decolonial turn takes centre stage across Africa, this collection further rethinks media and communication research in a post colonial setting and provides empirical evidence as to why some of the methods conceptualised in Europe will not work in Africa. The result is a thorough appraisal of the current threats, challenges and opportunities facing the discipline on the continent.

La philosophie de la communication Kacou Goa,2023-07-12 La philosophie de la communication est caractéristique d'une société moderne basée sur l'influence de la foule et des followers travers la multitude d'informations diffusées via les médias de masse. Cet ouvrage dénonce l'impact des médias digitaux et des influenceurs sur les populations d'une part et exhorte la pratique de l'orthodoxie de la communication d'autre part. C'est l'approche de la philosophie de la communication qui vise sensibiliser les acteurs au bon usage des médias et de la communication pour le développement de la société. Il faut construire une société plus communicationnelle qu'informationnelle où prospèrent la démocratie, la valeur et l'usage pertinent de la communication. La communication c'est la vie. Elle est constitutive de l'humanité.

Communiquer pour être et paraître dans la société de consommation Kacou Goa,2018-05-30 Cet ouvrage invite chaque personne à comprendre les différentes formes de communication marketing et les idéologies de la société de consommation dans laquelle elle vit. Il intègre les moyens d'une communication marketing et corporate appropriés, les approches de planification et du marketing, les enjeux de la planification. La communication c'est la vie, savoir communiquer pour être et paraître dans la société.
