

La critique d'art

À résumer

Catherine MÉNEUX

Pendant longtemps, les arts ont été le privilège des cours et des commanditaires privés tandis que le peuple a surtout contemplé les œuvres dans le huis clos des églises et de la foi. À partir du XVIII^e siècle, le rapport à l'art change de nature : l'organisation d'expositions régulières engendre un nouveau face-à-face, entre des artistes et un public qui entend donner son opinion sur les œuvres. La critique d'art est née de ce face-à-face, soumettant les créateurs au jugement de médiateurs qui érigent progressivement leurs propres règles. Du XVIII^e siècle à la période contemporaine, les débats ont été denses et riches, évoluant avec la montée en puissance de la presse, le rapport à la modernité ou les différentes idéologies qui ont lié la politique à la culture. Que leur approche soit formaliste ou sociale, qu'elle privilégie les anciens ou les modernes, les codes sociétaux ou l'idiosyncrasie d'un artiste, les critiques ont façonné notre perception de l'art et de son histoire, tout en s'imposant comme des acteurs incontournables de la vie artistique. Dans tous les pays, leurs discours ont accompagné le développement de l'art à la période contemporaine, à défaut de pouvoir en évoquer les principaux auteurs, cette synthèse est centrée sur la configuration française, plus particulièrement au XIX^e siècle.

L'ÉMERGENCE DE LA CRITIQUE EN MATIÈRE D'ARTS

■ « Un Tableau exposé est un Livre mis au jour de l'impression. C'est une pièce représentée sur le théâtre : chacun a le droit d'en porter son jugement. » Telle est la déclaration qu'Étienne La Font de Saint-Yenne (1688-1771) place au début de son compte rendu du Salon de 1746 dans ses *Réflexions sur quelques causes de l'état présent de la peinture en France* (1747). Inédite à l'époque, cette revendication du droit à juger librement les œuvres fait l'effet d'un coup de tonnerre. De fait, lorsque l'Académie royale de peinture et de sculpture commence à organiser des expositions publiques, elle n'attend des visiteurs que des encouragements, sous forme d'éloges imprimés et d'achats nécessaires pour pallier la rarefaction des commandes officielles. Tel est l'objectif des premières expositions qui ont lieu à la fin du XVIII^e siècle, devenant régulières à partir de 1737. Les

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
