La Langue Et Ses Monstres:

La langue et ses monstres Christian Prigent, 1989

Alienation and Alterity Paul Cooke, Helen Vassallo, 2009

Discussions of French identity have frequently emphasised the importance of a highly centralised Republican model inherited from the Revolution. In reality however France also has a rich heritage of diversity that has often found expression in contingent sub cultures marked by marginalisation and otherness whether social, religious, gendered, sexual, linguistic or ethnic. This range of sub cultures and variety of ways of thinking the other underlines the fact that norms can only exist by the concomitant existence of difference. The essays in this collection which derive from the conference *Alienation and Alterity: Otherness in Modern and Contemporary Francophone Contexts* held at the University of Exeter in September 2007 explore various aspects of this diversity in French and Francophone literature, culture and cinema from the nineteenth to the twenty-first century. The contributions demonstrate that while alienation from a cultural norm and also from oneself can certainly be painful and problematic, it is also a privileged position which allows the stranger to consider the world and his/her relationship to it in an other way.

Fuzzy Fiction Jean-Louis Hippolyte, 2006-01-01. An evaluation of the work of contemporary French authors through the lens of the fuzzy set theory of mathematics.

The Revolting Body of Poetry Scott Shinabargar, 2016-07-11. If the transgressions of modern French poetry have been amply noted at thematic and formal levels, they remain largely unremarked at the most visceral level of reading. Indebted to while problematizing the Kristevan concept of *le miotique*, Scott Shinabargar's *The Revolting Body of Poetry* reveals how the very matter of key works forces us to enact these transgressions when articulating textures of offensive lexis and imagery. While certain phonemes provide access to previously untapped forces, first apparent in Baudelaire and Lautréamont, compulsive repetitions produce expressive inflation, diffusing any initial impact. C. Saire and Char however demonstrate an acquired control of these forces, intensity contained. Shinabargar concludes with a survey of contemporary poets inviting readers to consider the legacy of revolting poetics.

Valère Novarina Christine Ramat, 2009. L'œuvre de Valère Novarina constitue un objet littéraire nigmatique qui surprend, inquiète et fait rire. D'articulés sans fable saturés de paroles souvent obscures, les pièces novariennes développent une dramaturgie de l'excess qui cultive le non-sens, l'incongru et le loufoque. Sur la scène ouverte, la philosophie fait circuler les questions métaphysiques sur des airs d'oprette. La théologie est transformée en bavardages d'isoires. De cette oscillation naît un comique grotesque qui n'hésite pas à recycler les vieilles recettes carnavalesques pour proposer ce que l'auteur nomme une cure d'idiotie.
