La Force De Conviction A Quoi Pouvonsnous Croire:

La force de conviction Jean-Claude Guillebaud,2005

La Force de conviction. A quoi pouvons-nous croire ?

Jean-Claude Guillebaud,2009-10-01T00:00:00+02:00 Nul homme ne peut vivre sans croyance Aucune soci t  humaine ne peut survivre sans une conviction minimale qui la maintienne debout Or en ce d but de mill naire une violence nouvelle semble avoir envahi le monde Un peu partout des fanatismes se d cha nent des assassins tuent et terrorisent au nom de Dieu Hier c est au nom de l id ologie qu ils le faisaient Une folie para t s attacher d cid ment toutes les croyances Elle nous fait horreur Dans le m me temps nous sentons r d er autour de nous le d sabusement g n ral Un doute d l t re nous habite Le XX e si cl e avec ses massacres et ses d sastres nous a appris nous m fier des adh sions rassembleuses et des utopies Nous voudrions bien croire encore mais quoi Nous errons entre intol rance et d senchantement cr dulit  et cynisme Quelque chose para t s tre d traqu  dans notre capacit  de conviction Ainsi la grande question devient elle aujourd hui celle du croire et de ses diverses pathologies Cette question d borde largement le cadre du religieux et de son pr tendu retour Ailleurs aussi des dogmatismes et des cl ricalismes menacent d autant plus redoutables qu ils se pr sentent comme des savoirs En politique ou en  conomie dans la science ou dans la religion il nous faut r apprendre distinguer la croyance aveugle de la conviction raisonnable la pure cr dulit  de la d termination r fl chie C est cette patiente et minutieuse interrogation que nous invite ce livre quoi pouvons nous croire

Can the West Be Converted?

Jean-Georges Gantenbein,2021-11-04 Rather than reconsidering contemporary culture in light of secularization much of the western church operates with a degree of nostalgia She has yet to fully embrace prospective innovative models for what form her task might take in some of Christianity s historic heartlands Amidst rapidly declining church membership contextualizing the Gospel for the contemporary West is an urgent task for churches and Christians living in this context This book seeks an interdisciplinary international and ecumenical response to this challenge uniting historical sociological theological and missiological perspectives Benefiting from recent studies in sociology of religion Dr Gantenbein offers several detailed contextual case studies before establishing correlations between western cultural religious characteristics and corresponding theological affirmations This study includes several unexpected dimensions including the development of a theological aesthetic in tension with the typically Word alone tradition of Protestantism a constructive reading of the book of Revelation as a source for contemporary aesthetic missiology reflections on a soteriology for the postmodern era and a proposal for an anonymous ecclesiology within a European context where churches are viewed with growing suspicion With rare perspicacity Gantenbein s study creatively calls churches to apply renewed intellectual rigor in faithfulness to their common purpose

Children, Spirituality, Loss and Recovery Joyce Bellous, 2013-09-13 The book demonstrates the hopeful stance the young take in response to ordinary suffering and significant trauma when adults talk with them about their losses Its underlying themes convey the truth that loss and recovery are normal in the process of growing to maturity It examines the strength of the child's capacity for resilience through partnerships with adults who allow children to focus on the loss and tell the story of its meaning to someone who really hears it The authors agree that adults need to perceive their own losses so that their attentiveness to the young is informed by wisdom that comes through self understanding but also agree that many adults do not offer that help to children because they believe it will make matters worse The book reveals this fear as a false notion by dealing with childhood traumas such as acquired disability warfare HIV AIDS death of one's parents and cultural dislocation The authors are experienced practitioners who provide practical and theoretical insight into the dynamics of loss and recovery The book offers hope for those who live and work with children and youth through its studied approach to addressing loss by describing young people's potential to work towards wholeness even in the face of fundamental losses to their security This book was published as a special issue of the International Journal of Children's Spirituality

Constitutional Cultures Ulrike Bock, Katrin Dirksen, Silke Hensel, 2013-01-14 Written constitutions are an important attribute of nation states and have become a global phenomenon over the past 200 years The process began with the revolutions in the Atlantic World from where it spread to other regions The present volume looks into the complex of constitutions the fundamental values conveyed by the constitutional texts the building and functioning of new constitutional bodies and their symbolic representation All the authors work on the assumption that in order to fully understand the constitutional order and its history it is necessary in addition to studying the legal text to analyse its special forms of implementation and legitimisation Therefore culture is seen as an important component of constitutional history The volume brings together historians from Argentina France Germany Great Britain Spain and the United States all are specialised in constitutional history and political culture in the 19th century

Their contributions include case studies on the colonial European powers as well as their colonies or ex colonies in the Americas A special aim of the volume is to show the connectedness of the constitutional processes that took place in these regions during the late 18th and the 19th centuries By connecting two vibrant research areas this volume makes an important contribution to studies on political culture and the history of the Atlantic World The book targets a broad academic readership especially in the fields of cultural studies history and political science and contributes to an internationalisation of the academic debate on the concept of constitutional culture

Proximités Michèle Clément, Lucie Gélinau, Anaïs-Monica McKay, 2009 Depuis quelques années tant au Québec qu'ailleurs dans le monde une importante rhétorique a pris appui sur la notion de proximité Cela est vrai pour de nombreuses disciplines et plusieurs champs d'intervention y compris pour celui du soin et de l'accompagnement Dans ce dernier cas toutefois si la notion circule beaucoup la représentation que l'on se fait de la proximité reste difficile saisir On la suggère on l'nonce on la revendique sans jamais vraiment la définir Un peu comme si tous savaient de quoi elle relève sans être pour autant capables de le communiquer partir d'un référent commun Devant ce constat des chercheurs et des intervenants ont invité à soumettre des textes faisant état de leurs réflexions sur le sujet ou encore présenter comment leurs travaux se saisissaient de cette question L'objectif était simple comprendre ce qui au-delà du consensus apparent est entendu dans la notion de proximité tant par les chercheurs que par les intervenants Le présent ouvrage est construit autour d'un thème la proximité et de plusieurs entrées choisies par les auteurs Soyons clair son ambition n'est pas théorique Ici la proximité n'est pas univoque Elle est construite et plurielle De l'ensemble des contributions se dégage toutefois un portrait assez exhaustif de ce vers quoi la notion pointe lorsqu'elle concerne l'univers du soin et de l'accompagnement
