L'intelligence économique Camerounaise Iec:

L'intelligence économique camerounaise (IEC) Steve William Azeumo, 2013-06-01 L'intelligence économique intervient aujourd'hui comme un outil efficace pour analyser le développement de l'Afrique dans la mesure où elle intègre les facteurs culturels et environnementaux liés à chaque pays. L'auteur s'est penché sur le cas du Cameroun afin de promouvoir auprès des gouvernements, des institutions, des entreprises la prise en considération de l'intelligence économique dans la laboration de leurs différentes politiques économiques et stratégies de développement. *Historical Dictionary of the Republic of Cameroon* Mark Dike DeLancey, Mark W. Delancey, Rebecca Neh Mbuh, 2019-06-15 Cameroon is a land of much promise but a land of unfulfilled promises. It has the potential to be an economically developed and democratic society but the struggle to live up to its potential has not gone well. Since independence there have been only two presidents of Cameroon the current one has been in office since 1982. Endowed with a variety of climates and agricultural environments numerous minerals and substantial forests and a dynamic population this is a country that should be a leader of Africa. Instead we find a country almost paralyzed by corruption and poor management a country with a low life expectancy and serious health problems and a country from which the most talented and highly educated members of the population are emigrating in large numbers. To all of this is recently added a serious terrorism problem Boko Haram in the north a separatist movement in the Anglophone west refugee influxes in the north and east and bandits from the Central African Republic attacking eastern villages. This fifth edition of *Historical Dictionary of the Republic of Cameroon* contains a chronology an introduction and an extensive bibliography. The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture. This book is an excellent resource for students researchers and anyone wanting to know more about the Republic of Cameroon. **L'intelligence économique en Afrique**, 2025 L'intelligence économique en Afrique et dans le monde, 2024-08-29 Ce livre dresse un bilan de l'état de la recherche en intelligence économique en Afrique et dans le monde.
