**Louise Cainkar, Pauline Homs
Vinson, Amira Jarmakani**

Mashriq Newspaper 12 March 2014:

The Future of Counterinsurgency Lawrence E. Cline, Paul Shemella, 2015-08-11 This thought provoking work analyzes the major debates surrounding counterinsurgency campaigns and uncovers the internal security problems derailing effective strategies for restoring stability As countries across the globe continue to adjust their security operations to counter an increasingly volatile political landscape the issue of how to identify and derail a host of violent groups remains of considerable interest This comprehensive volume offers an examination of the effectiveness of contemporary counterinsurgency efforts revealing which approaches offer the greatest chances of success internally regionally and internationally Featuring perspectives from experts and analysts in the field of irregular warfare and international security this is an unparalleled exploration of all types of insurgency from warlordism to piracy to guerilla movements The book looks beyond the popular focus on Iraq and Afghanistan delving into the internal security operations of regions not normally studied Chapters cover goal setting and measurements for restoring security information operations and strategic communications between insurgent groups and governments and the different approaches of governments in combating political unrest Case studies include movements in Sierra Leone Sri Lanka Egypt and South Africa *Inside the Middle East* Avi Melamed, 2016-03-29 Acclaimed Israeli intelligence analyst Avi Melamed has spent more than thirty years interpreting Middle East affairs His long awaited *Inside the Middle East* challenges widely accepted perceptions and provides a gripping and uniquely enlightening guide to make sense of the events unfolding in the region to answer how the Arab world got to this point what is currently happening what the ramifications will be how they will affect Israel and what actions must immediately be undertaken including how Western leaders need to respond Melamed considers all the major power players in the Middle East explains the underlying issues and creates a three dimensional picture an illustration that connects the dots and provides a fascinating roadmap He elucidates developments such as the Arab Spring the downfall of the Muslim Brotherhood the rise of ISIS the epic Sunni Shiite animosity the essence of the war in Syria the role of the Caliphate and Jihad and the looming nuclear arms race He also provides a rare opportunity to journey into the psyche of Arab society Look through the lens of its leaders and its most ruthless terrorists See what makes them tick and what they want Discover how they can be overtaken This unparalleled volume is a milestone in our understanding of the Middle East It is the untold story of the struggles that will shape the region and the world for decades to come and a groundbreaking guide that will shake you to the core force you to reevaluate your outlook and give you tips to navigate the future From author Avi Melamed The conflicts in the Middle East grow more confusing and dangerous every day In my encounters with thousands of people from across the world from global leaders to high school students I know there is deep and intense thirst for knowledge because today understanding the Middle East is not optional it s mandatory My new book *Inside the Middle East Making Sense of the Most Dangerous and Complicated Region on Earth* is based on my decades of advisory counterterrorism education and

intelligence positions as well as my intimate connections throughout the Arab world The book also provides the building blocks and database to understand the contemporary Middle East offers a unique insight into the Arab world and is a GPS to help you navigate the dramatically changing Middle East In the book I also offer an out of the box idea that could lead to a positive breakthrough in the Israeli Palestinian conflict

Imperfect Strangers Salim Yaqub, 2016-08-10 In *Imperfect Strangers* Salim Yaqub argues that the 1970s were a pivotal decade for U S Arab relations whether at the upper levels of diplomacy in street level interactions or in the realm of the imagination In those years Americans and Arabs came to know each other as never before With Western Europe s imperial legacy fading in the Middle East American commerce and investment spread throughout the Arab world The United States strengthened its strategic ties to some Arab states even as it drew closer to Israel Maneuvering Moscow to the sidelines Washington placed itself at the center of Arab Israeli diplomacy Meanwhile the rise of international terrorism the Arab oil embargo and related increases in the price of oil and expanding immigration from the Middle East forced Americans to pay closer attention to the Arab world Yaqub combines insights from diplomatic political cultural and immigration history to chronicle the activities of a wide array of American and Arab actors political leaders diplomats warriors activists scholars businesspeople novelists and others He shows that growing interdependence raised hopes for a broad political accommodation between the two societies Yet a series of disruptions in the second half of the decade thwarted such prospects Arabs recoiled from a U S brokered peace process that fortified Israel s occupation of Arab land Americans grew increasingly resentful of Arab oil pressures attitudes dovetailing with broader anti Muslim sentiments aroused by the Iranian hostage crisis At the same time elements of the U S intelligentsia became more respectful of Arab perspectives as a newly assertive Arab American community emerged into political life These patterns left a contradictory legacy of estrangement and accommodation that continued in later decades and remains with us today

A Shattered World Michael Berenbaum, Gilbert N. Kahn, 2025-12-15 October 7 2023 was a watershed event in contemporary Jewish history What took place on that date challenged the two most basic assumptions of post Holocaust Jewish life that the future security of the Jewish people would be assured by an independent Jewish state backed by an army and that the freedom for Jews in the Diaspora to live as Jews would be secured by democratic rights and liberties The pogroms of October 7 and the worldwide explosion of antisemitism that followed even preceding Israel taking military action against Hamas challenged both assumptions The Israel Defense Forces could not prevent a slaughter from occurring even in the independent State of Israel and throughout the world democracies seem less secure than at any time in the post World War II era The editors have turned to leading Jewish thinkers in the United States Israel and Europe to grapple with the implications of October 7 with respect to the Jewish future the State of Israel the relationship of Jews with Israel and the character of Israel's relationships in the world *A Shattered World* is one of the first scholarly collections of essays to address the hard question of what the nature of the Jewish future should be
