Kim A Gift From Vietnam:

Kim Frank W. Chinnock,1969 **Vietnamese Tradition on Trial, 1920-1945** David G. Marr,1984-02-03 The colonial setting Morality instruction Ethics and politics Language and literacy The questions of women Perceptions of the past Harmony and struggle Knowledge power Learning from experience Conclusion [The New York Times Book Review](#) ,1969-10 [Vietnam, A War, Not a Country](#) Ron Eyerman,Todd Madigan,Magnus Ring,2025-10-01 Vietnam A War Not a Country explores the conflicting ways in which the American Vietnamese War has been collectively remembered and represented from the perspective of the war s three primary belligerents the Vietnamese communists the South Vietnamese and the Americans The book examines how the three different collectives memorialize this traumatizing historical event Within each of these three groups there exists a number of competing narratives generating not only a sense of shared meaning and community but also impassioned social conflict In order to trace these narratives within each collectivity the authors develop the concept of arenas of memory distinct discourses that are tied to specific individuals organizations and institutions that advocate specific narratives through specific forms of media Their analysis leads them to make the case as to whether each of these societies experienced a cultural trauma as a result of the way in which the war is remembered

Vietnam Fights and Builds ,1964 **Race, Gender, and Religion in the Vietnamese Diaspora** Thien-Huong T. Ninh,2017-08-15 This book examines how the racialization of religion facilitates the diasporic formation of ethnic Vietnamese in the U S and Cambodia two communities that have been separated from one another for nearly 30 years It compares devotion to female religious figures in two minority religions the Virgin Mary among the Catholics and the Mother Goddess among the Caodaists Visual culture and institutional structures are examined within both communities Thien Huong Ninh invites a critical re thinking of how race gender and religion are proxies for understanding theorizing and addressing social inequalities within global contexts *Guns, Guerillas, and the Great Leader* Benjamin R. Young,2021-04-06 Far from always having been an isolated nation and a pariah state in the international community North Korea exercised significant influence among Third World nations during the Cold War era With one foot in the socialist Second World and the other in the anticolonial Third World North Korea occupied a unique position as both a postcolonial nation and a Soviet client state and sent advisors to assist African liberation movements trained anti imperialist guerilla fighters and completed building projects in developing countries State run media coverage of events in the Third World shaped the worldview of many North Koreans and helped them imagine a unified anti imperialist front that stretched from the boulevards of Pyongyang to the streets of the Gaza Strip and the beaches of Cuba This book tells the story of North Korea s transformation in the Third World from model developmental state to reckless terrorist nation and how Pyongyang s actions both in the Third World and on the Korean peninsula ultimately backfired against the Kim family regime s foreign policy goals Based on multinational and multi archival research this book examines the intersection of North Korea s domestic and foreign policies and the ways in which North
