

PUMPKIN LIMITED GROUP
NOTES TO THE FINANCIAL STATEMENTS
AT 31 DECEMBER 2012

Note 13. Investment property (continued for both scenario 1 and scenario 2)

Suitably qualified professional valuers with recent experience in valuing similar property in the same locations were employed to determine the fair value of the group's investment properties at 31 December 2012. The valuations were determined with reference to recent sale transactions of similar investment properties, except for a building in Durbanville Johannesburg whose fair value was determined at the present value of expected future rental receipts as no similar transactions took place during the year and the building was unoccupied for the duration of 2012.

The fair value of the Themidloofnoewere building (a more detailed description of the property should be disclosed) has never been established as from the date of its construction it has been impracticable to do so because the building is situated in a remote area and rentals are erratic and unguaranteed. The fair market value of the building is estimated by the directors to be between R.... and R....
