La Chine En Dix Mots:

La Chine en dix mots Hua Yu, 2011 Construit autour de dix mots clefs Peuple Leader Lecture Ecriture Lu Xun Disparition Révolution Gens de peu Faux Embrouille qui pour certains appartiennent au lexique maoïste et pour d'autres au vocabulaire le plus récent cet essai interroge un demi-siècle d'histoire ce demi-siècle qui a vu la Chine passer brutalement de l'hystérie politique de la Révolution culturelle la frénésie productiviste et consumériste de ces dernières années Tel un long commentaire de Yu Hua sur son best-seller *Brothers* ce livre revèle les continuités entre le passé et le présent et bat en brèche certains discours bâtis sur le miracle économique chinois en mettant au jour ses plaies ses excès et ses dérives Avec une clairvoyance d'individue de toute complaisance nationaliste il en dénonce la face cachée notamment l'absence de transparence politique C'est en virtuose que Yu Hua entremêle les souvenirs personnels et analyse sociale revisite son enfance ses années de formation et finalement souligne au fil de ces dix mots le parcours qui fut le sien celui d'un crivain cinquantenaire dont l'œuvre s'est constamment nourrie des paradoxes et des drames de la Chine Ce témoignage lucide et courageux qui n'évite pas les sujets sensibles tels que les événements de Tian'an-men en 1989 est inédit en Chine *La Chine en dix mots* Yu

Hua, 2013-11-06T00:00:00+01:00 Clairvoyant lucide tendre parfois ironique toujours d'individue de complaisance nationaliste tel est le regard de l'auteur de *Brothers* sur son pays Tout au moins d'un demi-siècle d'histoire chinoise Yu Hua donne ici travers dix mots clés une analyse sociale pertinente et courageuse de la face cachée du miracle chinois Et en filigrane livre le chemin d'un crivain et de son œuvre **China in Ten Words** Yu Hua, 2012-08-21 From one of China's most acclaimed writers a unique intimate look at the Chinese experience over the last several decades Framed by ten phrases common in the Chinese vernacular *China in Ten Words* uses personal stories and astute analysis to reveal as never before the world's most populous yet oft misunderstood nation In *Disparity* for example Yu Hua illustrates the expanding gaps that separate citizens of the country In *Copycat* he depicts the escalating trend of piracy and imitation as a creative new form of revolutionary action And in *Bamboozle* he describes the increasingly brazen practices of trickery fraud and chicanery that are he suggests becoming a way of life at every level of society Witty insightful and courageous this is a refreshingly candid vision of the Chinese miracle and all of its consequences

Conceptualising China through translation James St. André, 2023-11-07 This monograph provides an innovative methodology for investigating how China has been conceptualised historically by tracing the development of four key cultural terms filial piety fengshui and guanxi between English and Chinese It addresses how specific ideas about what constitutes the uniqueness of Chinese culture influence the ways users of these concepts think about China and themselves Adopting a combination of archival research and mining of electronic databases it documents how the translation process has been bound up in the production of new meaning In uncovering how both sides of the translation process stand to be transformed by it the study demonstrates the dialogic nature of translation and its potential contribution to cross cultural understanding It also aims to develop a foundation on which other area studies might build
