La Croyance Dans L'image:

La croyance dans l'image Steven Bernas, 2006 Elire une image l'aune de nos désirs signifie instituer un usage instrumental des images Les images sont en effet de force dans le récit qui constitue la fiction en laquelle nous avons besoin de croire Ainsi débute la fable littéraire paternelle orale ou cinématographique de l'humanité parlante Mais l'image est muette Cependant nous la chargeons de significations et de projections nous croyons en l'image comme représentation de ce que nous vivons Ainsi le narcissisme culturel joue ici sur nos représentations mentales et notre culte de l'ego **La**

photographie malgré l'image Jean Lauzon, 2002 L'auteur propose ici un modèle sémiotique de compréhension du signe photographique appelé contexture photographique Dans un premier temps l'auteur offre une mise en situation de la problématique axée sur les notions de transparence et d'opacité du signe Deuxièmement il présente un parcours historique de l'état de la question photographique s'appuyant sur ces notions paradigmatiques résumés la suite de François Riccati par la formule transparence cum opacité Le tout est suivi d'une analyse d'une photographie d'Alexandre Rodchenko Le Sauterelle la perche 1936 en se basant notamment sur quelques concepts théoriques issus des sciences cognitives qui proposent par exemple que la cognition opère sur la base de catégorisations la fois perceptives et conceptuelles Il est ensuite suggéré un modèle traductif d'interprétation du signe photographique inspiré des travaux théoriques de Philippe Dubois cependant modifié par les analyses et réflexions de l'auteur Quelques exemples de mise en application du modèle de contexture photographique sont proposés en fin de parcours L'auteur s'interroge également sur la pertinence de considérer le signe photographique comme une nouveauté dans le champ des représentations symboliques dans la mesure où la photographie aurait partie liée avec d'anciens schémas conceptuels pré-modernes Publi en français **La croyance dans l'image** Steven Bernas, **L'image - prépas**

Lire Les Images, Voir Les Textes Louise Maurer, Roger Hillman, 2006 The essays in this volume are situated in French and Australian contexts and focus on texts linking language and visual images There is an emerging debate in universities concerning the interpretation of images whether in the field of aesthetics politics or technology The contributors focus on images ranging from photography to maps films paintings and computer games In addition they consider relations between genders and nations as understood in particular historical or semiological contexts Geographic and disciplinary boundaries are consciously transgressed and blurred so that a new interdisciplinary dialogue between written texts and visual arts emerges Ce recueil d'essais situé dans le contexte d'échanges franco australiens a pour objet les liens entre images et langage sur le plan du discours L'interprétation du visuel fait l'objet d'un débat mergeant dans les universités que ce soit dans le domaine de l'esthétique du politique ou de la technologie Les contributions analysent des images allant de la photographie aux jeux multimédia en passant par les cartes le cinéma et la peinture Par ailleurs elles interrogent les relations tant au niveau de l'individu que des nations dans des contextes historiques et sémiologiques spécifiques Les contributeurs traversent les frontières disciplinaires et géographiques de façon susciter un nouveau dialogue interdisciplinaire entre textes et arts visuels

La chair à l'image Steven Bernas, Jamil Dakhli, 2006-09-01 Tant t'indécence obscure et tant t'cache la chair est habilitée à contraindre le corps à faire le beau La chair n'est qu'une instance du corps un aspect morphologique un élément visuel Cinéma et arts du récit ont fait appel à la figuration pour imposer l'idée que le corps l'image est une banalité Fragile et délicate la chair n'est pas banale elle signe la matière vivante sous la forme pensante et sentie

The Mind's Eye Jeffrey F. Hamburger, Anne-Marie Bouché, 2006 The Mind's Eye focuses on the relationships among art theology exegesis and literature issues long central to the study of medieval art yet ripe for reconsideration Essays by leading scholars from many fields examine the illustration of theological commentaries the use of images to expound or disseminate doctrine the role of images within theological discourse the development of doctrine in response to images and the place of vision and the visual in theological thought At issue are the ways in which theologians responded to the images that we call art and in which images entered into dialogue with theological discourse In what ways could medieval art be construed as argumentative in structure as well as in function Are any of the modes of representation in medieval art analogous to those found in texts In what ways did images function as vehicles not merely vessels of meaning and signification To what extent

can exegesis and other genres of theological discourse shed light on the form as well as the content and function of medieval images These are only some of the challenging questions posed by this unprecedented and interdisciplinary collection which provides a historical framework within which to reconsider the relationship between seeing and thinking perception and the imagination in the Middle Ages

L'image entre sens et signification Anne Beyaert-Geslin, 2006 Toujours confondus dans le sens commun sens et signification sont pourtant des concepts distincts pour la sémiotique qui s'est inlassablement efforcée d'instruire leurs rapports mutuels A la façon de Hjelmslev le sens se laisse identifier au matériau ou au support grâce auquel toute sémiotique en tant que forme se trouve manifestée Le sens peut être aussi cette matière informelle qui lorsqu'elle est articulée par l'analyse devient une signification Il précède alors la signification mais reste sans elle insaisissable Pour Kristeva la dichotomie témoigne plutôt d'une allégeance affective du sens et du fondement cognitif de la signification Ces quelques données liminaires suffisent montrer la difficulté d'accorder sur une définition restituant la fois les composantes de la pensée affective ou le cognitif et son mouvement même une signification ex post s'attachant reconstituer un sens ex ante Surtout elles reviennent dès l'abord la tâche de notre projet en donnant raison de plus sages sémioticiens qui ont pris soin de laisser la porte Costantini l'encombrant couple sens signification se trouvant quittes pour la confusion et vérifiant que cette lacune n'empêchait pas de mener les études sémiotiques S'il semble pour le moins ambitieux notre projet n'est pourtant pas dénué d'atouts notamment parce qu'il tient sa raison d'être de son contexte même En effet examiner sens et signification l'une des productions plastiques pourrait donner une lumière nouvelle la compréhension des deux concepts en profitant au-delà de la fracture théorique qui vient du déplacement de la problématique de la diversité et de la complexité des œuvres
