

Common Literary Devices

Literary Device	Description	Example
Alliteration	Repetition of the same letter or sound at the beginning of closely connected words for effect	"She sells seashells by the seashore."
Allusion	An indirect reference to a well-known figure, event, or work of art	The title <i>The Fault in Our Stars</i> alludes to Shakespeare's <i>Julius Caesar</i> .
Analogy	A comparison between two things to explain a similarity	Explaining the brain as "a computer processing vast amounts of information"
Foreshadowing	Hinting at future events in a story to create suspense	A character coughing might subtly foreshadow an illness later in the story.
Hyperbole	Exaggeration for emphasis or effect	"I've told you a million times to clean your room!"
Imagery	Descriptive language that appeals to the senses	"The golden sunset spilled across the horizon, painting the sky with shades of pink and orange."
Irony	A contrast between expectation and reality, often humorous or poignant	A fire station burning down
Metaphor	A direct comparison between two unrelated things	"Time is a thief that steals our moments."
Motif	A recurring element with symbolic meaning	The green light in <i>The Great Gatsby</i> represents hope and unrealistic dreams.
Onomatopoeia	Words that imitate natural sounds	"The bees buzzed, and the brook gurgled gently."
Oxymoron	Combining contradictory terms for poetic effect	"Jumbo shrimp" or "deafening silence"
Paradox	A seemingly contradictory statement that reveals a deeper truth	"The only constant in life is change."
Personification	Attributing human qualities to inanimate objects or abstract ideas	"The wind whispered through the trees."
Simile	A comparison using <i>like</i> or <i>as</i>	"Her laughter was like music to my ears."
Symbolism	Using an object or element to represent an abstract idea	A dove often symbolizes peace.

Deppe,2015-10-22 What sets *The Theological Intentions of Mark s Literary Devices* apart from other books What niche does it fill that makes its publication important This volume will interest all those who value a literary approach to the Gospel of Mark Dean Deppe introduces some new literary devices in the research of the Gospel of Mark as well as demonstrates the theological intentions of Mark when he employs these literary devices Deppe argues that Mark employs the literary devices of intercalation framework allusionary repetitions narrative surprises and three types of mirroring to indicate where he speaks symbolically and metaphorically at two levels Mark employs these literary devices not just for dramatic tension and irony but also for theological reasons to apply the Jesus tradition to specific problems in his own day Key Signifier as Literary Device Heerak Christian Kim,2006 This book represents the definitive explanation of the literary device of the Key Signifier a phrase which was coined by the author at the 2005 International Meeting of the Society of Biblical Literature in Singapore This book serves as a handbook for understanding the literary device and for learning how to identify and use it in one s own composition work of art film or TV media **The Outsiders** S. Learning to Predict and Predicting to Learn Thomas DeVere Wolsey,Douglas Fisher,2009 Featuring practical instructional routines that are clearly linked to cognitive strategies students need to make sense of text this book combines a rationale written from the perspective of current research that supports the use of the strategy or instructional routine with clear step by step directions and multiple examples from the classroom experiences of teachers across the United States These experiences appear as boxed features that are easily identifiable by the reader The text is written in such a way that readers may start on page one and work through the end of the book or use the book as a reference for their own practice or as an inservice tool Each cognitive strategy is linked via convenient matrices to the instructional routines that promote precision thinking on the part of students Features Differentiation between cognitive strategies for students and instructional routines teachers might use Provides teachers and preservice teachers with a means to think about the tools they use to promote cognitive proficiency on the part of students Often strategies are used a catch all term that does not clarify the difference between what teachers do and how students incorporate learn from those routines Boxed features Real teachers explain how they have used the tools discussed in the book Provides teachers with examples to which they may be able to relate Instead of an isolated example the voices of classroom teachers will explain how they have implemented instructional routines or promoted cognitive strategies for their students Sound rationale coupled with step by step procedures Teachers often like to know what works but many texts ignore their need and desire to know why a strategy or routine works This text links rationale with tools so that readers will be able to explain why they are using a routine or assisting students to use cognitive tools to understand how they might think more precisely about the books they read Theme Prediction Prediction is a popular request teachers make of their students but often teachers lack sufficient experience or rationale to know how students might use prediction to increase precision in thinking about books and other texts they read Approach Combination of both theoretical and research with useful tools students and teachers can implement tomorrow Many books take either a theoretical approach with little classroom application provided or a practical approach that does not help teachers understand why a given tool is useful and under what circumstances This book combines the best of both approaches to help teacher readers understand why a strategy or routine is worth the instructional time that might be devoted to it **Irony in the Fourth Gospel** Paul D. Duke,1985 **Fictions of Romantic Irony** Lilian R. Furst,1984 Through an analysis of six major European narratives of the mid eighteenth to the mid nineteenth century this book makes a new approach to romantic irony by envisaging it in a broad European context in relation both to earlier concepts of irony and to traditional uses of irony in narration **Oxford Historical and Literary Studies** Charles Harding Firth,Walter Raleigh,1920 **CliffsNotes on**
