Literary Theory

the basics

Third Edition

Literary Theory Paperback

Hans Bertens

Literary Theory Paperback:

Literary Theory Terry Eagleton, 1996 This classic work is designed to cover all of the major movements in literary studies during this century Noted for its clear engaging style and unpretentious treatment Literary Theory has become the introduction of choice for anyone interested in learning about the world of contemporary literary thought The second edition contains a major new survey chapter that addresses developments in cultural theory since the book's original publication in 1983 including feminist theory postmodernism and poststructuralism [Literary Theory: The Basics](#) Hans Bertens, 2017-07-14 This third edition of Hans Bertens bestselling book is an essential guide to the often confusing and complicated world of literary theory Exploring a broad range of topics from Marxist and feminist criticism to postmodernism and new historicism Literary Theory The Basics covers contemporary topics including reception theory and reader response theory the new criticism of postmodernism the after theory debate post humanism biopolitics and animal studies aesthetics Literary Theory The Basics helps readers to approach the many theories and debates in this field with confidence Now with updated case studies and further reading this is an essential purchase for anyone who strives to understand literary theory today **Modern Literary Theory**, 1992 [Literary Theory](#) Jonathan Culler, 2011-07-28 What is literary theory Is there a relationship between literature and culture In fact what is literature and does it matter These are some of questions addressed by Jonathan Culler in this Very Short Introduction to literary theory Often a controversial subject said to have transformed the study of culture and society in the past two decades literary theory is accused of undermining respect for tradition and truth and encouraging suspicion about the political and psychological implications of cultural projects rather than admiration for great literature Here Jonathan Culler explains theory not by describing warring schools but by sketching key moves theory has encouraged and speaking directly about the implications of theory for thinking about literature human identity and the power of language In this new edition Culler takes a look at new material including the death of theory the links between the theory of narrative and cognitive science trauma theory ecocriticism and includes a new chapter on Ethics and aesthetics This lucid introduction is useful for anyone who has wondered what all the fuss is about or who wants to think about literature today ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable [The Complete Idiot's Guide to Literary Theory and Criticism](#) Steven J. Venturino, PhD, 2013-03-05 From Plato to Freud to ecocriticism the book illustrates dozens of stimulating and sometimes notoriously complex perspectives for approaching literature and film The book offers authoritative clear and easy to follow explanations of theories that range from established classics to the controversies of current theory Each chapter offers a conversational step by step explanation of a single theory critic or issue accompanied by concrete examples for applying the concepts and

engaging suggestions for related literary readings Following a section on the foundations of literary theory the book is organized thematically with an eye to the best way to develop a real working understanding of the various theories Cross references are particularly important since it is through the interaction of examples that readers most effectively advance from basic topics and arguments to some of the more specialized and complicated issues Each chapter is designed to tell a complete story yet also to reach out to other chapters for development and debate Literary theorists are hardly unified in their views and this book reflects the various traditions agreements influences and squabbles that are a part of the field Special features include hundreds of references to and quotations from novels stories plays poems movies and other media Online resources could also include video and music clips as well as high quality examples of visual art mentioned in the book The book also includes periodic running references to selected key titles such as *Frankenstein* in order to illustrate the effect of different theories on a single work

Literary Theory Johannes Willem Bertens, 2006

Literary Theory: A Complete Introduction Sara Upstone, 2017-05-04 Literary theory has now become integral to how we produce literary criticism When critics write about a text they no longer think just about the biographical or historical contexts of the work but also about the different approaches that literary theory offers By making use of these they create new interpretations of the text that would not otherwise be possible In your own reading and writing literary theory fosters new avenues into the text It allows you to make informed comments about the language and form of literature but also about the core themes concepts such as gender sexuality the self race and class which a text might explore Literary theory gives you an almost limitless number of texts to work into your own response ensuring that your interpretation is truly original This is why although literary theory can initially appear alienating and difficult it is something to get really excited about Imagine you are standing in the centre of a circular room with a whole set of doors laid out around you Each doorway opens on to a new and illuminating field of knowledge that can change how you think about what you have read perhaps in just a small way but also perhaps dramatically and irrevocably You can open one door or many of them The choice is yours Put the knowledge you gain together with your own interpretation however and you have a unique and potentially fascinating response Each chapter in *Literary Theory A Complete Introduction* covers a key school of thought progressing to a point at which you will have a full understanding of the range of responses and approaches available for textual interpretation As well as focusing on such core areas as Marxism Modernism Postmodernism Structuralism and Poststructuralism this introduction brings in recent developments such as Eco and Ethical Criticism and Humanisms

Theory of Literature René Wellek, Austin Warren, 1956

Crystallizes a movement to focus literary criticism and literary study in general on literature itself rather than on the historical backgrounds

Literary Theory Michael Ryan, 2007-01-16 Michael Ryan's *Literary Theory A Practical Introduction* Second Edition introduces students to the full range of contemporary approaches to the study of literature and culture from Formalism Structuralism and Historicism to Ethnic Studies Gender Studies and Global English Introduces

readings from a variety of theoretical perspectives on classic literary texts Demonstrates how the varying perspectives on texts can lead to different interpretations of the same work Contains an accessible account of different theoretical approaches An ideal resource for use in introductory courses on literary theory and criticism Designed to function both as a stand alone text and a companion to Rivkin and Ryan s *Literary Theory An Anthology* Second Edition Studying Literary Theory Roger Webster,1991 *Literary Theory and Criticism: An Introduction* Anne H. Stevens,2015-06-18 *Literary Theory and Criticism An Introduction* provides an accessible overview of major figures and movements in literary theory and criticism from antiquity to the twenty first century It is designed for students at the undergraduate level or for others needing a broad synthesis of the long history of literary theory An introductory chapter provides an overview of some of the major issues within literary theory and criticism further chapters survey theory and criticism in antiquity the Middle Ages and Renaissance the Enlightenment and the nineteenth century For twentieth and twenty first century theory the discussion is subdivided into separate chapters on formalist historicist political and psychoanalytic approaches The final chapter applies a variety of theoretical concepts and approaches to two famous works of literature William Shakespeare s *Hamlet* and Mary Shelley s *Frankenstein* **Understanding Literary Theory** Sherman Sutherland,2016-09-22 The essential guide to understanding what literary theory is and why it matters *Literary Theory* Jonathan Culler,Jonathan D. Culler,Professor of English Jonathan Culler,1997 What is Literary Theory Is there a relationship between literature and culture In fact what is Literature and does it matter These are the sorts of questions addressed by Jonathan Culler in a book which steers a clear path through a subject often perceived to be complex and impenetrable It offers discerning insights into theories about the nature of language and meaning whether literature is a form of self expression ora method of appeal to an audience and outlines the ideas behind a number of different schools deconstruction semiotics postcolonial theory and structuralism amongst them Theory of Literature Ren Wellek,2017-08-07 The naming of this book has been more than ordinarily difficult Even a proper short title Theory of Literature and Methodology of Literary Study would be too cumbersome Before the nineteenth century one might have managed for then a full analytic title could have covered the title page while the spine bore the inscription Literature We have written a book which so far as we know lacks any close parallel It is not a textbook introducing the young to the elements of literary appreciation nor like Morize s *Aims and Methods* a survey of the techniques employed in scholarly research Some continuity it may claim with Poetics and Rhetoric from Aristotle down through Blair Campbell and Karnes systematic treatments of the genres of belles lettres and stylistics or with books called Principles of Literary Criticism But we have sought to unite poetics or literary theory and criticism evaluation of literature with scholarship research and literary history the dynamics of literature in contrast to the statics of theory and criticism It comes nearer to certain German and Russian works Walzel s *Gehalt und Gestalt* or Julius Petersen s *Die Wissenschaft von der Dichtung* or Tomashevsky s *Literary Theory* In contrast to the Germans however we have avoided mere reproductions of the

views of others and though we take into account other perspectives and methods have written from a consistent point of view in contrast to Tomashevsky we do not undertake to give elementary instruction on such topics as prosody We are not eclectic like the Germans or doctrinaire like the Russian

Literary Theory Michael Ryan, 2017-03-06 *Literary Theory A Practical Introduction* Third Edition presents a comprehensive introduction to the full range of contemporary approaches to the study of literature and culture from formalism structuralism and historicism to ethnic gender and science studies Introduces students to a variety of contemporary approaches to the study of literature and culture Demonstrates how the varying perspectives on texts can lead to different interpretations of the same work Features numerous updates that include new literary texts new and expanded sections Represents the ideal accompaniment to the upcoming Third Edition of *Literary Theory An Anthology*

Understanding Literary Theory Sherman Sutherland, 2014-08-07 *Understanding Literary Theory* is the essential guide for every reader looking to understand what literary theory is and why it matters This concise and accessible text introduces today's foremost schools of literary theory offering historical background and outlining the important ideas of each The theories are then applied to a variety of classic short stories demonstrating how the different theoretical approaches can yield diverse interpretations of the same literary works This volume separates itself from similar texts by providing clear and accurate explanations of theory's most challenging concepts It examines all of the major schools of criticism including ecocriticism ethnic studies feminism formalism Marxism narratology new historicism postcolonialism postmodernism post structuralism psychoanalysis queer theory reader response and structuralism Each chapter begins with a straightforward summary that outlines the focus of the theoretical approach its notable practitioners its advantages and disadvantages and a concise definition The chapters then delve into each theory by explaining the key concepts and the ideas that led to them This book is indispensable for anyone intimidated by words like deconstruction difference heteroglossia or hyperreality *Understanding Literary Theory* shows readers the interpretative possibilities that literary theory can provide It is the ideal introduction for those who want to get the most out of the literature they read

The End of Literary Theory Stein Haugom Olsen, 1987-03-19 The essays in this collection are concerned with the philosophical problems that arise in connection with the understanding and evaluation of literature such problems as the relationship between the work and the author authorial intention between the work and the world reference and truth the definition of a literary work and the nature of literary theory itself Professor Olsen attacks many of the orthodoxies of modern literary theory in particular the enterprise to build a comprehensive systematic literary theory His own work is informed by a consistent perspective the assumption that literature is a social institution governed by conventions and that answers to problems of interpretation and appreciation can be found only through an analysis of these conventions This is an important book for scholars and students of literary theory and philosophy especially for those who see an ever increasing cross fertilization between the two disciplines

Beginning theory Peter Barry, 2013-01-18 *Beginning theory* has been helping students navigate through the

thickets of literary and cultural theory for well over a decade now This new and expanded third edition continues to offer students and readers the best one volume introduction to the field The bewildering variety of approaches theorists and technical language is lucidly and expertly unravelled Unlike many books which assume certain positions about the critics and the theories they represent Peter Barry allows readers to develop their own ideas once first principles and concepts have been grasped The book has been updated and includes two new chapters one of which Literary theory a history in ten events innovatively surveys the course of theory while the other Theory after Theory maps the arrival of new isms since the second edition appeared in 2002 Liberal humanism Structuralism Post structuralism and deconstruction Postmodernism Psychoanalytic criticism Feminist criticism Lesbian gay criticism Marxist criticism New historicism and cultural materialism Postcolonial criticism Stylistics Narratology Ecocriticism Presentism Transversal poetics New aestheticism Historical formalism Cognitive poetics **In Search of Authority, second edition** Stephen Bonnycastle,1996-01-31 An Introduction to Literature, Criticism and Theory Andrew Bennett,Nicholas Royle,2004 A new edition of one of the market leading texts for those interested in critical theory and its effect on our reading of the English literary canon Renowned for its accessible witty style the new edition is updated throughout and contains four new chapters to reflect the continuing development of the subject The key elements of this book that make it so popular are its clear highly accessible articulation of ideas the wide range of texts used as illustrative examples and its witty humorous style Number 1 textbook on our Literature list Literary Theory Criticism is the only major core course in English departments every Literature student will study it A new chapter on Creative Writing currently the biggest growth area in the Humanities in the UK

Yeah, reviewing a book **Literary Theory Paperback** could amass your near friends listings. This is just one of the solutions for you to be successful. As understood, success does not recommend that you have fantastic points.

Comprehending as without difficulty as contract even more than other will provide each success. neighboring to, the publication as well as acuteness of this Literary Theory Paperback can be taken as capably as picked to act.
