Caines,Roger F. Haycock,John E. Hillier,2004 The automotive lubricants arena has undergone significant changes since the
first edition of this book was published in 1996 Environmental concerns particularly regarding improvement of air quality
have been important in recent years Reduced emissions are directly related to changes in lubricant specifications and
quality and the second edition of the Automotive Lubricants Reference Book reflects the urgency of such matters by
including updated and expanded detail This second edition also considers the recent phenomenon of increased consolidation
within the oil and petroleum additive arenas which has resulted in fewer people for research development and implementation
