Chronicle of the Horse, 1983-04 **Cognitive Media Theory** Ted Nannicelli, Paul Taberham, 2014-03-26 Across the academy scholars are debating the question of what bearing scientific inquiry has upon the humanities The latest addition to the AFI Film Readers series Cognitive Media Theory takes up this question in the context of film and media studies This collection of essays by internationally recognized researchers in film and media studies psychology and philosophy offers film and media scholars and advanced students an introduction to contemporary cognitive media theory an approach to the study of diverse media forms and content that draws upon both the methods and explanations of the sciences and the humanities Exploring topics that range from color perception to the moral appraisal of characters to our interactive engagement with videogames Cognitive Media Theory showcases the richness and diversity of cognitivist research This volume will be of interest not only to students and scholars of film and media but to anyone interested in the possibility of a productive relationship between the sciences and humanities *Dancing Times*, 1997 *The ^Astruggle for Freedom from Fear* Alison Brysk, 2018-08-01 How can we understand and contest the global wave of violence against women In this book Alison Brysk shows that gender violence across countries tends to change as countries develop and liberalize but not in the ways that we might predict She shows how liberalizing authoritarian countries and transitional democracies may experience more shifting patterns and greater levels of violence than less developed and democratic countries due to changes and uncertainties in economic and political structures While a combination of international action law public policy civil society mobilization and changes in social values work to decrease gender violence Brysk assesses the potential limits and balance of these measures **Swimming World and Junior Swimmer**, 1993 **Anatomy of Desire** Dr. Emily Jamea, 2024-11-05 Combining over fifteen years of clinical experience with her groundbreaking research into the science of flow Dr Emily Jamea s USA Today Best Selling book ANATOMY OF DESIRE delivers a fresh perspective on the untapped potential of our sex lives intimate partner connections and personal wellbeing Dr Emily Jamea makes difficult issues simple and accessible via her central tenet that expressing our authentic sexual selves is not about venturing into the unknown but rather searching within ourselves and tapping into our innate albeit uncultivated sexual potential Dr Emily guides us on this journey with care and curiosity Ian Kerner PhD LMFT NY Times best selling author of She Comes First The experience of effortlessness total absorption and loss of space and time are feelings that everyone wants to enjoy while making love However regardless of everyone s desire for better sex passion and sexual satisfaction tend to diminish in longer term relationships This is a problem because studies consistently show that sexual satisfaction is key to relationship satisfaction Great sex is something we all deserve As a seasoned sex and relationship therapist Dr Emily Jamea has developed a unique approach for boosting sexual desire and pleasure Anatomy of Desire identifies five secrets sensuality curiosity adaptability vulnerability and attunement that help her clients transform sex from sub par to extraordinary Woven through each secret is the science of

flow state Drawing from her first of its kind published research Dr Emily teaches readers how to apply the science of flow to get the sex they want despite the challenges of today s modern world Clients workshop participants and hundreds of thousands of social media followers have already benefited from her approach Dr Emily Jamea s debut book *Anatomy of Desire Five Secrets to Create Connection and Cultivate Passion* makes her novel approach available to everyone *The Official Guide of the Railways and Steam Navigation Lines of the United States, Porto Rico, Canada, Mexico and Cuba* ,1890
