**Negotiating Identities in Contemporary Africa** Toyin Falola, Emmanuel M. Mbah, 2023-08-29 *Negotiating Identities in Contemporary Africa* Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women s career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa

**Handbook of Research on Modern Educational Technologies, Applications, and Management** Khosrow-Pour D.B.A., Mehdi, 2020-07-10 As technology and technological advancements become a more prevalent and essential aspect of daily and business life educational institutions must keep pace in order to maintain relevance and retain their ability to adequately prepare students for their lives beyond education Such institutions and their leaders are seeking relevant strategies for the implementation and effective use of new and upcoming technologies and leadership strategies to best serve students and educators within educational settings As traditional education methods become more outdated strategies to supplement and bolster them through technology and effective management become essential to the success of institutions and programs The Handbook of Research on Modern Educational Technologies Applications and Management is an all encompassing two volume scholarly reference comprised of 58 original and previously unpublished research articles that provide cutting edge multidisciplinary research and expert insights on advancing technologies used in educational settings as well as current strategies for administrative and leadership roles in education Covering a wide range of topics including but not limited to community engagement educational games data management and mobile learning this publication provides insights into technological advancements with educational applications and examines forthcoming implementation strategies These strategies are ideal for teachers instructional designers curriculum developers educational software developers and information technology specialists looking to promote effective learning in the classroom through cutting edge learning technologies new learning theories and successful leadership tactics Administrators educational leaders educational policymakers and other education professionals will also benefit from this publication by utilizing the extensive research on managing educational institutions and providing valuable training and professional development initiatives as well as implementing the latest administrative technologies Additionally academicians researchers and students in areas that include but are not limited to educational technology academic leadership mentorship learning environments and educational support systems will benefit from the extensive research compiled within this publication
