Climate Change Strategies: Handling the Challenges of Adapting to a Changing Climate Walter Leal

Filho, Marina Kovaleva, Fátima Alves, Ismaila Rimi Abubakar, 2023-06-01 This book includes information experiences practical initiatives and projects around the subject matter and makes it available to a wide audience It addresses the scientific social political and cultural aspects of climate change impacts and respective solutions in an integrated and coherent way Climate change as a global phenomenon imposes new challenges for survival Extreme weather events including heat waves storms droughts as well as rising sea levels warming oceans and melting glaciers threaten people s livelihoods and communities ecosystems and habitats Furthermore it affects the entire food chain and increases competition for natural resources fuelling socioeconomic tensions The results of the latest IPCC report highlight the urgent need for combating climate change The adaptation measures to be undertaken range across sectors thematic fields and geographical locations Based on this need the book focuses on the high quality interdisciplinary contributions on the scientific social economic political and cultural aspects of climate change challenges and solutions *Climate change, land, water and food security: Perspectives from*

sub-saharan africa Mulala Danny Simatele, Felix Kwabena Donkor, Henry Bikwibili Tantoh, 2023-06-22 *Global Degradation of Soil and Water Resources* Rui Li, Ted L. Napier, Samir A. El-Swaify, Mohamed Sabir, Eduardo Rienzi, 2022-01-29 This book focuses on soil and water conservation at global scale It is a serious environmental problem that will threaten the socio economic well being of the majority of global population in future The book examines the current situation of land degradation in multiple regions of the world and offers alternative approaches to solve the problems through sharing advanced technologies and lessons learned It provides comprehensive assessment on characteristics level and effect of degradation in different regions It s a highly informative reference both for researchers and graduate students *Small*

Town Tourism in South Africa Ronnie Donaldson, 2017-10-14 This book investigates small town tourism development in South Africa taking into account the most common strategies branding promotion festivals and theming The contents of the book resonate with the intersection of the power elite and their impacts on small town tourism Because the book focuses on small town geographies in South Africa the literature on small town tourism in the country is reviewed in Chapter 2 to provide a contextual background Each subsequent chapter begins with an overview of international literature to give the conceptual context of the case studies each chapter explores In Chapter 3 the concept of small town tourism branding is illustrated by an exploration of the Richmond book town In Chapter 4 the branding theme is probed further in an investigation of two winners of the Kw la Town of the Year competition namely Fouriesburg and De Rust Chapter 5 documents the branding of Sedgfield through its proclamation as Africa s first Cittaslow slow town a process driven by the local power elite to the exclusion of town s poor who have no understanding of the intentions of the Cittaslow movement and its potential benefits for the town Chapter 6 is a case study of Greyton s tourism led rural gentrification by which a small town has transformed in three

decades to become a sought after place of residence for elite immigrants so making the town a jewel tourism destination while reinforcing racial segregation Because festivals and events creations of the wealthy have made significant financial contributions to small towns Chapter 7 considers festivals and events as strategies to market and brand small towns in a particular way Case studies of the economic impacts of festivals on small towns are assessed and the assessment methodologies used are critiqued Chapter 8 provides a synthesis by drawing on the thesis of the urban growth machine by power elites

A youth empowerment model designed to tackle school violence in South Africa Fathima Dewan,2024-12-17 School based violence is of major concern in the South African schooling system particularly in secondary schools School based violence has a negative impact on the physical social cognitive and emotional well being of learners and teachers To compound matters family and community environment also play a role in escalating school violence There is a need to develop interventions that are evidence based and developmental in nature to address the issue of reducing school based violence Youth empowerment can be used as a helpful strategy to address the issue of school based violence This scholarly book focuses on using the framework of youth empowerment to address the issue of school based violence Through sound research the author proposes that schools should involve learners in decision making around school policies and design strategies to address school violence to create safer schools and a better school climate The author further posits using key aspects of youth empowerment in school violence campaigns and programmes to increase youth motivation to collectively influence changes within their school through a process of shared decision making collective vision and partnership with young people

World Seas: An Environmental Evaluation Jean-Francois Hamel,2018-09-03 World Seas An Environmental Evaluation Second Edition Volume Two The Indian Ocean to the Pacific provides a comprehensive review of the environmental condition of the seas from the Indian Ocean to the Pacific Each chapter is written by experts in the field who provide historical overviews in environmental terms current environmental status major problems arising from human use informed comments on major trends problems and successes and recommendations for the future The book is an invaluable worldwide reference source for students and researchers who are concerned with marine environmental science fisheries oceanography and engineering and coastal zone development Covers regional issues that help countries find solutions to environmental decline that may have already developed elsewhere Provides scientific reviews of regional issues thus empowering managers and policymakers to make progress in under resourced countries and regions Includes comprehensive maps and updated statistics in each region covered

Estuaries: A Lifeline of Ecosystem Services in the Western Indian Ocean Salif Diop,Peter Scheren,John Ferdinand Machiwa,2016-03-22 This book provides recent environmental ecological and hydrodynamic information for the major estuaries and the coastal marine systems of the Western Indian Ocean Region It covers various functions and values of the region s estuarine ecosystems and their respective habitats including the land ocean interactions that define and impact ecosystem services The Western Indian Ocean region covered by this volume

consists of the continental coastal states of Kenya Mozambique South Africa and Tanzania and the island states of Madagascar Mauritius Seychelles and Comoros Annual Report South Africa. Department of Basic Education,2016
