#### **Linguistics A Very Short Introduction:**

Linguistics P. H. Matthews, 2003-04-24 Linguistics falls in the gap between arts and science on the edges of which the most fascinating discoveries and the most important problems are found Rather than following the conventional organization of many contemporary introductions to the subject the author of this stimulating guide begins his discussion with the oldest arts end of the subject and moves chronologically through to the newest research the science aspects A series of short thematic chapters look in turn at such areas as the prehistory of languages and their common origins language and evolution language in time and space the nature of change inherent in language grammars and dictionaries how systematic is language and phonetics Explication of the newest discoveries pertaining to language in the brain completes the coverage of all major aspects of linguistics from a refreshing and insightful angle ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable <u>Linguistics</u> Peter Hugoe Matthews, 2007 Stephen Anderson, 2012-06-28 How many languages are there What differentiates one language from another Are new languages still being discovered Why are so many languages disappearing The diversity of languages today is varied but it is steadily declining In this Very Short Introduction Stephen Anderson answers the above questions by looking at the science behind languages Considering a wide range of different languages and linguistic examples he demonstrates how languages are not uniformly distributed around the world just as some places are more diverse than others in terms of plants and animal species the same goes for the distribution of languages Exploring the basis for linguistic classification and raising questions about how we identify a language as well as considering signed languages as well as spoken Anderson examines the wider social issues of losing languages and their impact in terms of the endangerment of cultures and peoples ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**Sociolinguistics:** A Very Short Introduction John Edwards,2013-07-11 Sociolinguistics deals with the social life of language language in its sociocultural context It is a branch of linguistics that looks less at the shape or sound of words morphology or phonology and more at how our words and sentences are influenced by the society around us for instance how the accent or the dialect we use has been shaped by where we come from or which social class we belong to In this Very Short Introduction John Edwards offers the most up to date brief overview available of sociolinguistics with side trips into the sociology of language and psycholinguistics He considers such topics as the different social evaluations of languages and dialects the loaded significance of names and the importance of politically driven language planning and policy The

relationship between language and gender sexist language the language of poverty and the intertwining of language and religion are also dealt with here Edwards stresses that while linguists see all dialects as equally valid in the wider world powerful attitudes have always placed language varieties in social hierarchies. The author also looks at language more broadly examining the ways in which languages rise or fall the attempts to revive flagging or endangered varieties the reasons why some languages came to dominate others and the special dynamics that affect contact between big and small languages. In both its role as our most powerful tool of communication and as the most immediate symbolic marker of human affiliation language is pre eminently a social phenomenon. This compact volume offers an invaluable introduction to this vital aspect of language About the Series Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible. Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field Every Very Short Introduction gives a readable evolution of the subject in question demonstrating how the subject has developed and how it has influenced society Eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library Whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable

Multilingualism John C. Maher,2017-05-18 The languages of the world can be seen and heard in cities and towns forests and isolated settlements as well as on the internet and in international organizations like the UN or the EU How did the world acquire so many languages Why can t we all speak one language like English or Esperanto And what makes a person bilingual Multilingualism language diversity in society is a perfect expression of human plurality About 6 500 7 000 languages are spoken written and signed throughout the linguistic landscape of the world by people who communicate in more than one language at work or in the family or community Many origin myths like Babel called it a punishment but multilingualism makes us who we are and plays a large part of our sense of belonging Languages are instruments for interacting with the cultural environment and their ecology is complex They can die Tasmanian or decline then revive Manx and Hawaiian reconstitute from older forms modern Hebrew gain new status Catalan and Maori or become autonomous national languages Croatian Languages can even play a supportive and symbolic role as some territories pursue autonomy or nationhood such as in the cases of Catalonia and Scotland In this Very Short Introduction John C Maher shows how multilingualism offers cultural diversity complex identities and alternative ways of doing and knowing to hybrid identities Increasing multilingualism is drastically changing our view of the value of language and our notion of the part language plays in national and cultural identities At the same time multilingualism can lead to social and political conflict unequal power relations issues of multiculturalism and discussions over national or official languages with struggles over language rights of

local and indigenous communities Considering multilingualism in the context of globalization Maher also looks at the fate of many endangered languages as they disappear from the world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable The English Language Simon Horobin, 2018 This book provides a concise and accessible history of English engages with key debates concerning issues of correctness standards and dialects investigates the uses of English worldwide reflects on the future of the English language Publisher description in Literary Theory Mary Klages, 2012-03-29 Students of literature film and cultural studies need to understand key theoretical terms and concepts but often find it hard to get to grips with exactly what they mean This book provides precise definitions of terms and concepts in literary theory along with explanations of the major movements and figures in literary and cultural theory and an extensive bibliography It is designed for the student who needs to know what a particular term means how it is used and where it comes from and enables them to apply the terms and concepts to their own investigations. The three part structure provides clear definitions of key terms and ideas introductions to major figures including biographical and historical overviews and an annotated guide to important works This invaluable resource provides readers with an easily accessible and comprehensive reference guide to literary and cultural theory **Introduction to English Linguistics** Markus Bieswanger, Annette Becker, 2017-02-13 Neuauflage der praxisorientierten Einf hrung in die englische Sprachwissenschaft Der Band eignet sich hervorragend als Grundlage fr Einf hrungskurse sowie zu Selbststudium und zur Pr fungsvorbereitung Er besticht durch leicht verst ndliche Erkl rungen zahlreiche Beispiele Abbildungen und bungen mit L sungen Fr die vierte Auflage wurden der Text die Aufgaben und die Literaturhinweise berarbeitet und aktualisiert Der Band aus der Reihe utb basics ist ideale Einf hrungslekt re f r alle Studierenden der englischen Sprachwissenschaft

Linguistics & Biblical Exegesis Douglas Mangum, Josh Westbury, 2017-11-01 We rarely think about the way languages work because communicating in our native tongue comes so naturally to us The Bible was written in ancient Hebrew Aramaic and Greek languages no modern reader can claim to have a native understanding of A better understanding of how language works should help us understand the Bible better as we seek to discern the original intent and meaning of each biblical author In this book you will get a basic introduction to the field of linguistics its history its key concepts its major schools of thought and how its insights can shed light on various problems in biblical Hebrew and Greek Numerous examples illustrate linguistic concepts and technical terminology is clearly defined Learn how the study of language can enhance your Bible study Translation Matthew Reynolds, 2016-10-20 Translation is everywhere and matters to everybody Translation doesn t only give us foreign news dubbed films and instructions for using the microwave without it there would be no world religions and our literatures our cultures and our languages would be unrecognisable In this Very Short Introduction Matthew

Reynolds gives an authoritative and thought provoking account of the field from ancient Akkadian to World English from St Jerome to Google Translate He shows how translation determines meaning how it matters in commerce empire conflict and resistance and why it is fundamental to literature and the arts ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Psycholinguistics: a Very Short Introduction** Fernanda Ferreira,2025-01-23 This Very Short Introduction to psycholinguistics is an accessible and engaging description of how people use language Talking and understanding language probably seem like simple and straightforward skills but research in psycholinguistics has shown that complex computations take place behind the scenes when you communicate with others

Slang: A Very Short Introduction Jonathon Green, 2016-02-25 Slang however one judges it shows us at our most human It is used widely and often typically associated with the writers of noir fiction teenagers and rappers but also found in the works of Shakespeare and Dickens It has been recorded since at least 1500 AD and today s vocabulary taken from every major English speaking country runs to over 125 000 slang words and phrases This Very Short Introduction takes readers on a wide ranging tour of this fascinating sub set of the English language It considers the meaning and origins of the word slang itself the ideas that a make a word slang the long running themes that run through slang and the history of slang s many dictionaries ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics

highly readable **Journal of Linguistics** ,2003 Linguistics and Language Behavior Abstracts ,2008 Linguistic **Structures** Harry van der Hulst, 2008 The Concise Oxford Dictionary of Linguistics P.H. Matthews, 2007-08-23 Here is the most authoritative and up to date dictionary of linguistics available fully revised for the second edition Written by distinguished authority Peter Matthews this handy reference includes over 3 150 entries providing worldwide coverage of languages and language families grammatical terms in English as well as grammatical categories in other languages Matthews also offers extensive coverage of the theory of language language history and important ideas and figures in linguistics A directory of symbols is included for quick and easy reference The new edition boasts greatly enhanced coverage of sociolinguistics making it an ideal reference for those studying linguistics. It also includes entries on notable recent theorists in the field such as Del Hymes and Peter Trudgill With entries ranging from epiglottal and morpheme to Austronesian and Navajo The Concise Oxford Dictionary of Linguistics Second Edition remains an ideal reference for students and teachers in language related courses and a great introduction to linguistics for the general reader with an interest in language and its study A corpus-based study of the language used in book reviews Renata Frosztega, 2016-07-29 Bachelor Thesis from the year 2014 in the subject Speech Science Linguistics grade 5 language English abstract The aim of this thesis is to discuss certain aspects of the language of book reviews stressing the importance and indispensability of a corpus based approach in any study of this type The thesis is to show that the register of book reviewing is a specialized language characterized by specific vocabulary By this is meant that there exist some words and phrases which tend to be used more frequently here than in other registers or that some words have a special narrowed meaning For this purpose the researcher has compiled her own corpus of book reviews in an electronic form which provides the foundation for the analysis This collection of written language samples is referred to as the Do It Yourself Book Review Corpus henceforth DIY BRC As regards the source of materials the reviews come from the websites of popular quality newspapers In order to ensure the research a relatively high reliability the linguistic data needs to be as large as possible Therefore my corpus DIY BRC totals approximately 115 000 words derived from as many as 166 book reviews The mean sample size is between 660 and 982 words

#### Decoding Linguistics A Very Short Introduction: Revealing the Captivating Potential of Verbal Expression

#### **Linguistics A Very Short Introduction Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Linguistics A Very Short Introduction free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Linguistics A Very Short Introduction free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Linguistics A Very Short Introduction free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Linguistics A Very Short Introduction. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Linguistics A Very Short Introduction any PDF files. With these platforms, the world of PDF downloads is just a click away.
