Studying Global Pentecostalism Allan Anderson, Michael Bergunder, Andre F. Droogers, Cornelis van der Laan, 2010-09-24 With its remarkable ability to adapt to many different cultures Pentecostalism has become the world's fastest growing religious movement More than five hundred million adherents worldwide have reshaped Christianity itself Yet some fundamental questions in the study of global Pentecostalism and even in what we call Pentecostalism remain largely unaddressed Bringing together leading scholars in the social sciences history and theology this unique volume explores these questions for this rapidly growing multidisciplinary field of study A valuable resource for anyone studying new forms of Christianity it offers insights and guidance on both theoretical and methodological issues The first section of the book examines such topics as definitions essentialism postcolonialism gender conversion and globalization The second section features contributions from those working in psychology anthropology sociology and history The third section traces the boundaries of theology from the perspectives of pneumatology ecumenical studies inter religious relations and empirical theology **Anthropology** Conrad Phillip Kottak, 2002 Arch Notes, 1991 **FairEconomy** Wolfgang

Fikentscher, Philipp Hacker, Rupprecht Podszun, 2013-03-14 FairEconomy is a concept for a free and fair market economy In response to the financial and economic crises of the past years the authors develop fundamental ideas of how a market economy works what rules markets need and who safeguards fairness and equal opportunity in such an economy The book sets out the design of a sustainable market order Going back to the very roots of doing business it offers a fascinating insight into the cultural and anthropological premises of the market economy Fairness and free competition can be identified as key elements of successful markets sometimes neglected in politics and business Legal rules need to ensure that fairness and

economic freedom work The same holds true for the relationship of risk and liability that has been overlooked in the banking sector The ideas of a FairEconomy sketched in this book are fit to become a reality The authors point to institutions and mechanisms that could integrate the concept into global law They place their trust less upon ever larger institutions and more on private entitlement and enforcement at the global regional and local levels **Mirror for Humanity** Conrad Phillip Kottak,2005 **Macrosociology** Frank W. Elwell,2015-12-03 Social theorists dwell on the canonical works of Marx Weber and Durkheim but little on the theories of the major contemporary macrotheorists This book fills this gap with a focus on the work of four modern theorists who have taken on the larger questions spawned by classical social theory C Wright Mills Marvin Harris Immanuel Wallerstein and Gerhard Lenski have examined such phenomena and processes as the rise and impact of capitalism the centralization and enlargement of authority inequality and the historical intensification of production and populations Borrowing what is useful from the classics as well as relying on contemporary practitioners and empirical evidence each theorist adds his own insights and interpretations in constructing a comprehensive perspective of sociocultural stability and change This book fully synthesizes and documents each perspective using language and examples that resonate with the general reader A short biography on each theorist is also provided *Critical Reading for College and Beyond* Deborah B. Daiek,Nancy M. Anter,2004 Critical Reading for College and Beyond focuses on teaching intermediate to advanced level developmental education students the critical reading and thinking strategies they need to get the most out of college textbooks and other reading material The text teaches students specific steps to follow in organizing textbook information so that they can remember it and access it effectively when needed Regular journaling and self monitoring through CATs Classroom Assessment Techniques allow students to make adjustments necessary to improving their reading skills Publisher s description **Music in Biblical Life** Jonathan L.
