Essays in Honour of Michael Bliss Alison Li, Elsbeth Heaman, Shelley McKellar, 2008-01-01 A leading public intellectual Michael Bliss has written prolifically for academic and popular audiences and taught at the University of Toronto from 1968 to 2006 Among his publications are a comprehensive history of the discovery of insulin and major biographies of Frederick Banting William Osler and Harvey Cushing The essays in this volume each written by former doctoral students of Bliss with a foreword by John Fraser and Elizabeth McCallum do honour to his influence and at the same time reflect upon the writing of history in Canada at the end of the twentieth century The opening essays discuss Bliss's career his impact on the study of history and his academic record Bliss himself contributes an autobiographical essay that strengthens our understanding of the business of scholarship teaching and writing In the second section the contributors interrogate public mythmaking in the relationship between politics and business in eighteenth nineteenth and twentieth century Canada Further sections investigate the relationship between fatherhood religion and historiography as well as topics in health and public policy A final section on Medical Science and Practice deals with subjects ranging from early endocrinology lobotomy the mechanical heart and medical biography as a genre Going beyond a collection of dedicatory essays this volume explores the wider subject of writing social and medical history in Canada in the late twentieth century **The Travel Photo Essay** Mark Edward Harris, 2017-09-22 Successful travel photographers have to wear more hats than perhaps any other photographic genre In a single travel photo essay they are at times architectural photographers food photographers music photographers car photographers the list encompassing every possible type of photography The Travel Photo Essay teaches the reader the necessary techniques to create cohesive professional travel stories using images that go far beyond I was here photographs From the establishing shots to the equipment list this book discusses the techniques and concepts necessary to create professional looking images in various genres including portrait photography landscape photography wildlife photography food photography documentary photography sports photography and more Covering issues such as lighting writing workflow and the travel photography market award winning photographer and writer Mark Edward Harris explains how to marry photos with words telling a cohesive story through a series of photographs *Photo-essays about Asian American Women in Life Magazine 1936 to 1965* Karen L. Ching Carter, 2021 This book explores the ways in which mid twentieth century Life Magazine editors employed the photo essay as a narrative art form to overcome racist stereotypes about Asian women and envision them instead as part of the American middle class Encyclopedia of Twentieth-Century Photography, 3-Volume Set Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers

photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white throughout and each volume contains a color plate section A useful glossary of terms is also included **The Dust Bowl Through the Lens** Martin W. Sandler, 2009-10-01 The Dust Bowl was a time of hardship and environmental and economic disaster More than 100 million acres of land had turned to dust causing hundreds of thousands of people to seek new homes and opportunities thousands of miles away while millions more chose to stay and battle nature to save their land FDR's army of photographers took to the roads to document this national crisis Their pictures spoke a thousand words and a new form of storytelling photojournalism was born With the help of iconic photographs from Dorothea Lange Walker Evans Arthur Rothstein and many more Martin Sandler tells the story of a nation as it endured its darkest days and the extraordinary courage and spirit of those who survived *African American Lives* Henry Louis Gates Jr., Evelyn Brooks Higginbotham, 2004-04-29 *African American Lives* offers up to date authoritative biographies of some 600 noteworthy African Americans These 1 000 3 000 word biographies selected from over five thousand entries in the forthcoming eight volume *African American National Biography* illuminate African American history through the immediacy of individual experience From Esteban the earliest known African to set foot in North America in 1528 right up to the continuing careers of Venus and Serena Williams these stories of the renowned and the near forgotten give us a new view of American history Our past is revealed from personal perspectives that in turn inspire move entertain and even infuriate the reader Subjects include slaves and abolitionists writers politicians and business people musicians and dancers artists and athletes victims of injustice and the lawyers journalists and civil rights leaders who gave them a voice Their experiences and accomplishments combine to expose the complexity of race as an overriding issue in America's past and present *African American Lives* features frequent cross references among related entries over 300 illustrations and a general index supplemented by indexes organized by chronology occupation or area of renown and winners of particular honors such as the Spingarn Medal Nobel Prize and Pulitzer Prize [The Decisive Network](#) Nadya Bair, 2020 Since its founding in 1947 the legendary Magnum Photos agency has been telling its own story Its photographers were concerned witnesses to history and artists on the hunt for decisive moments their pictures were humanist documents of the postwar world Based in unprecedented archival research *The Decisive Network* peels back layers of the Magnum mythology to offer a new history of what it meant to shoot edit and sell news images after World War II Between the 1940s and 1960s Magnum expanded the human interest story about the everyday life of ordinary people to global dimensions while bringing the aesthetic of news pictures into new markets Its best known work started as humanitarian aid promotion travel campaigns corporate publicity and advertising Working with this range of clients Magnum made photojournalism integral to visual culture Yet Magnum's photographers could not have done this alone This book unpacks the collaborative nature of photojournalism as it transpired on a daily basis focusing on how

picture editors sales agents spouses and publishers helped Magnum photographers succeed in their assignments and achieve fame The Decisive Network concludes in the late 1960s and early 1970s when amidst the decline of magazine publishing and the rise of an art market for photography Magnum turned to photo books and exhibitions to manage its growing picture archives and consolidate its brand In that moment Magnum s photojournalists became artists and their assignments turned into oeuvres Such ideas were necessary publicity and they also managed to shape discussions about photography for decades Bridging art history media studies cultural history and the history of communication this book transforms our understanding of the photographic profession and the global circulation of images in the pre digital world
