Bob Spitz, 2024-03-05 In this authoritative unsparing history of the biggest rock group of the 1970s Spitz delivers inside details and analysis with his well known gift for storytelling PEOPLE From the author of the iconic bestselling history of The Beatles the definitive account of arguably the greatest rock band of all time Rock star Whatever that term means to you chances are it owes a debt to Led Zeppelin No one before or since has lived the dream quite like Jimmy Page Robert Plant John Paul Jones and John Bonham In Led Zeppelin Bob Spitz takes their full measure separating myth from reality with his trademark connoisseurship and storytelling flair From the opening notes of their first album the band announced itself as something different a collision of grand artistic ambition and brute primal force of English folk music and African American blues Spitz's account of their artistic journey amid the fascinating ecosystem of popular music is irresistible But the music is only part of the legend Led Zeppelin is also the story of how the sixties became the seventies of how innocence became decadence of how rock took over Led Zeppelin wasn't the first band to let loose on the road but as with everything else they took it to an entirely new level Not all the legends are true but in Spitz's careful accounting what is true is astonishing and sometimes disturbing Led Zeppelin gave no quarter and neither has Bob Spitz Led Zeppelin is the long awaited full reckoning the band richly deserves [No Quarter: The Three Lives of Jimmy Page](#)

Martin Power, 2016-10-10 Jimmy Page the mastermind behind Led Zeppelin their leader producer principal songwriter and guitarist Page has not only shaped the sound of rock music for generations but also created an artistic legacy few others will ever attain The Omnibus enhanced No Quarter The Three Lives of Jimmy Page dissects the life and times of this legendary guitar hero and his journey from unassuming session musician to the record setting king of guitar showmanship This Omnibus enhanced digital edition includes an interactive Digital Timeline of Jimmy's life allowing you to experience his creative genius through music images and video Links to curated playlists for each chapter also allow you to surround yourself with the music of Jimmy Page and all the influences that surrounded him Using new and exclusive interviews researched through candid conversations with Jimmy

Page's friends, managers, and musical collaborators author Martin Power's *No Quarter: The Three Lives of Jimmy Page* is a rich and insightful exploration of this mysterious mythical figure. This work represents the most comprehensive and up-to-date biography ever written about Jimmy Page, the one-man guitar army. *Heart Full of Soul* David French, 2020-05-29 This is the first full-length biography of Keith Relf, frontman for the Yardbirds and one of the great tragic characters in rock history. Keith's moody vocals and harmonica helped to define the Yardbirds' sound on a string of innovative hit records in the 1960s that influenced garage rock, psychedelia, blues rock, hard rock, and heavy metal. Numerous books have been written about the Yardbirds' famous guitarists Eric Clapton, Jeff Beck, and Jimmy Page, yet Keith has remained a mysterious and elusive figure since his death by electrocution at age 33. A deeply private person prone to depression and poor health, Keith was ill-suited to the life of a rock star. In the years following the Yardbirds' breakup, as the band's guitarists became household names playing blues-based rock, Keith insisted on pursuing new musical paths, always searching for something new and trying to extend the Yardbirds' spirit of curiosity and innovation. By the time of his death in 1976, Keith was nearly forgotten and struggling physically, emotionally, and financially. More than forty years after his tragic death, this important artist's story has finally been written and his contributions celebrated as more than just a footnote to the careers of his better-known bandmates. *John McLaughlin* Matt Phillips, 2023-09-15 In the hierarchy of British jazz, his flirtations with the European avant-garde, groundbreaking work with Miles Davis and Tony Williams' electrifying fusion groups The Mahavishnu Orchestra and Shakti, special projects with the likes of Chick Corea, Sting, Herbie Hancock, Wayne Shorter, Carlos Santana, and Jeff Beck, hugely popular acoustic collaborations with Paco De Lucia, Larry Coryell, and Al Di Meola, and his 4th Dimension band. This is the first major book to illuminate McLaughlin's entire output from 1980-2020. Including never-before-seen photographs, it's a thrilling ride through the life of a master musician. *The New Rolling Stone Album Guide* Nathan Brackett, Christian David Hoard, 2004 Publisher Description **The Guitar & Rock Equipment** Nick Freeth, 2002 A comprehensive reference providing an introduction to the guitar, its development, and greatest exponents. It contains descriptions and photographs of guitars, amps, and electronics used by rock players.
