discussions of genre Although this section cannot be exhaustive the material chosen is particularly useful as it provides samples of analysis that can illuminate some of the issues the first section of the book raises The third section focuses on issues of representation and how the medium of animation might have an impact on how bodies gender sexuality race and ethnicity are represented These representations can only be read through an understanding of the questions that the first two sections of the book raise we can only decode these representations if we take into account form and genre and theoretical conceptualisations such as visual pleasure spectacle the uncanny realism etc *MLA International Bibliography of Books and Articles on the Modern Languages and Literatures* Modern Language Association of America, 2008 Vols for 1969 include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969 *Cabinet* , 2008
