Valedictorian Graduation Speech

Ladies and Gentlemen, Respected Teachers, Esteemed Guests, and My Fellow Graduates,

Good [morning/afternoon/evening],

It is an incredible honor to stand before you today as the valedictorian of the [year] graduating class of [School's Name]. As I look out at all of you, I am filled with immense pride and gratitude for the journey we have shared together.

Reflecting on Our Journey

I remember [share a specific memory, such as a memorable event, a challenging project, or a moment of unity among classmates]. These moments have shaped us into who we are today and have taught us the value of perseverance, teamwork, and resilience.

Words of Inspiration

In the words of Nelson Mandela, "Education is the most powerful weapon which you can use to change the world." As we leave [School's Name] and embark on our respective journeys, let us carry this wisdom with us. Let us use our education to inspire change, to promote understanding, and to make the world a better place.

Thank you, everyone, for being here today to celebrate this milestone with us. Here's to the Class of [Year]—may we continue to learn, grow, and achieve greatness.

Message To Valedictorian:

Build Like An Ant: How My Mom Helped Me Become Valedictorian DJ Chung, 2012-07-24 DJ Chung gives you his mother's stories and lessons that helped him become valedictorian of a large competitive public high school and gain entry into Duke University. These lessons will provide you with a roadmap on how to gain the essential skills necessary to realize the ultimate goal of becoming valedictorian. Build Like an Ant will show you how a devoted mother's wisdom can help you reach high goals during the ever increasingly competitive stressful and pressure filled time called high school. To Anyone With A Dream. Becoming valedictorian was about more than just being the head of my class. It was about setting a huge goal for myself and committing to achieving it. Without my mother I don't know that I would have had the ambition to dream so big or the confidence to go for it. Thanks to Mama Chung I have learned that any goal is achievable as long as you know how to approach it and have the right attitude. I've realized how lucky I am to have a mother who supports and encourages me. I've realized too that her stories are relevant to many people and the lessons can be applied to any goal. That's why I wrote this book. Mama Chung's sayings are just too good to go unrecorded. From build like an ant to keep adding tools to your toolbox to don't just stand in the kitchen my mother always knows the right thing to say to get me thinking and to get me moving. I hope that reading my book inspires you to achieve your goals and gives you the tools you need to succeed. Best of luck to you and don't forget to tell your mom thanks DJ Chung.

Civic Education in Polarized Times Elizabeth Beaumont, Eric Beerbohm, 2024-07-23 Reveals the possibilities and challenges of civic education in circumstances of extreme polarization and how civic learning and political divisiveness can interact and influence each other. As fears about polarization and its contribution to democratic crisis and corrosion rise many people have posited civic education as a possible remedy. In a time of increasing political polarization what should the goals of civic education be and how should they be implemented. In the latest installment of the NOMOS series Eric Beerbohm and Elizabeth Beaumont bring together a distinguished group of interdisciplinary scholars across philosophy politics and law inviting us to think deeply about the complex promises and pitfalls of civic education. Contributors raise a variety of crucial considerations not only about how to educate citizens in a polarized era but also for a polarized era. What types of civic learning hold promise for preparing students to navigate their way through a political landscape of escalating hostile factions distrust truth decay and disagreement about basic facts. Could or should civic education attempt to reduce or counteract polarization or should it focus on other aims. Beaumont and Beerbohm show us that the dynamics and circumstances of polarization do not stop at the schoolhouse gates but bring new urgency together with added pressures and constraints to all civic education. As political polarization continues to intensify across the globe this riveting volume illuminates the significance the possibilities and the challenges of civic education in the contemporary
