**Scandalous Error** C. Philipp E. Nothaft, 2018-02-16 The Gregorian calendar reform of 1582 which provided the basis for the civil and Western ecclesiastical calendars still in use today has often been seen as a triumph of early modern scientific culture or an expression of papal ambition in the wake of the Counter Reformation Much less attention has been paid to reform's intellectual roots in the European Middle Ages when the reckoning of time by means of calendrical cycles was a topic of central importance to learned culture as impressively documented by the survival of relevant texts and tables in thousands of manuscripts copied before 1500 For centuries prior to the Gregorian reform astronomers mathematicians theologians and even Church councils had been debating the necessity of improving or emending the existing ecclesiastical calendar which throughout the Middle Ages kept losing touch with the astronomical phenomena at an alarming pace **Scandalous Error** is the first comprehensive study of the medieval literature devoted to the calendar problem and its cultural and scientific contexts It examines how the importance of ordering liturgical time by means of a calendar that comprised both solar and lunar components posed a technical astronomical problem to medieval society and details the often sophisticated ways in which computists and churchmen reacted to this challenge By drawing attention to the numerous connecting paths that existed between calendars and mathematical astronomy between the Fall of Rome and the end of the fifteenth century the volume offers substantial new insights on the place of exact science in medieval culture **The Bible and Beyond** Judith Marie Judy, 2021-02-12 This easy to read biblical reference highlights times before during and after God's revelations became written words Key topics include ancient civilizations Hebrew Bible Jewish revolts against Rome Roman world of Jesus New Testament and related interests beyond the Bible The book concludes with a brief review of current countries linked to the Holy Land Glossaries timelines maps and an index assist the reader The author's intent is to unravel the somewhat bewildering and overwhelming information of the Bible **The Bible and Beyond A Connection to Related Media** is a guide for understanding the Bible that simply cannot get enough praise Author Judith Marie Judy is not a preacher or ideologist of a specific way to interpret the Bible The book is an excellent reference that isn't aimed at scholars but at everyone who wants a deeper connection and understanding of the Bible **The Moving Words LLC** Santa Maria CA 93455 <http://themovingwords.com> category the moving words review Judith Marie Judy presents a sourcebook of the history geography and politics that surrounded and influenced Judaism and Christianity through their development over three millennia Judy's breezy conversation style carries readers effortlessly through the book Her personal reflections opening each chapter help give flesh to all the history and theology she's researched providing a tenderness that runs through this book that makes it different from other resource books Judy's book has much heart **BlueInk Review** [Nostradamus, Branham and the Little Book](#) Patricia Ann Sunday, 2012-11 For 457 years the Prophet Nostradamus has been a MYSTERY Hidden in dark speech he was misunderstood and rejected by the Protestant Christian Church forbidden to be read by the Catholic Church and totally

discredited by psychics and worldly interpreters as being in the Occult However it was the occult interpreters that were instrumental in keeping his work alive and mysterious Written from a Christian perspective many questions about this mysterious man Nostradamus and why his work has endured so long are answered in this book Reverend Sunday has discovered the secrets and the intentions of his life s work and you will be amazed to find out WHO Nostradamus really was If you are curious about Planet X Wormwood then you will find out how that ties into these hidden revelations There always comes a time when hidden things are revealed to a Prophet Daniel 2 22 Amos 3 7 The second Prophet William Branham was way ahead of his time in his understanding of supernatural phenomenon and his revelations on the Book of Genesis regarding the apple and its sexual connotations lost him favor with the approved church then and now Prophets are rarely understood in their own age These TWO PROPHETS were brought together to this unknown Sophe Scribe chosen to disclose the hidden amazing information and revelation for our day To GOD be the GLORY Prepare the way for the Lord *Finding Freedom* Donna J. Stundahl, 2015-01-29 Do you ever feel like youre wandering in a wilderness alone Are you searching for the same freedom the children of Israel sought only to find oppression at every turn Are you looking for a life filled with promise only to be repeatedly disappointed You are not alone We are all on a journey from slavery to sin to the ultimate Promised Land in Heaven where we will be free Everything in between is a wilderness experience Moses expounded on freedom in the wilderness He explained exactly where to find it and how to get there He clearly spoke to the Jew and the foreigner The question is Does He speak to the Christian as well In her book Finding Freedom Dr Stundahl will wander through the wilderness of Deuteronomy and explore the Hebraic roots of Christianity Finding Freedom reveals the concepts of the Torah assembled in the same format in which they were studied by the Jewish communities since the Babylonian exile These concepts include humility idolatry evil speech teaching learning remembering and listening The analysis of each portion of the Torah considers its applicability to the life of a Christian As the history of Christianity and the Jewish elements of the Gospel are discovered the shadows of Jesus Christ are revealed Wherever you are in the wilderness of your life you too can find the freedom intended just for you Experience the reading the writing and the dance of the Torah **Chase's Calendar of Events 2014** Editors of Chase's Calendar of Events, 2013-10-04 As featured on The Today Show 12 500 entries 196 countries 365 days Find out what s going on any day of the year anywhere across the globe If you re looking to tie a promotional event to a special month create a suggested reading list based on a literary birth anniversary travel to a music festival halfway around the world blog about a historical milestone or do a celebrity birthday round up on your radio show or Twitterfeed Chase s Calendar of Events is the one resource that has it all For broadcasters journalists event planners public relations professionals librarians editors writers or simply the curious this is one reference you can t do without Chase s Calendar of Events 2014 brings you Major sporting events such as the Games of the XXII Winter Olympiad at Sochi Russia Feb 7 23 and the FIFA World Cup in Brazil June 12 July 13 Milestones such as the 450th birth anniversary of William
