## RECRUIT POLICE OFFICER – EMPLOYMENT APPLICATION

AZ020

### APPLICANT SELECTION AND FEEDBACK FORM

Dear Applicant:

You are competing in a highly competitive process designed so you can prove your abilities. Our objective is to select individuals we believe are the best qualified to provide policing service in Metro Vancouver, now and for the future.

The process is lengthy and at each step, a minimum level of achievement must be met. However, even if you meet this minimum standard, the Recruiting Unit must still determine which applicants are the best qualified to proceed for further testing. This decision will be based on the qualifications of the applicants, how many testing spaces are available at each step, and on how many police officers we expect to hire. To reiterate, even if you meet our minimum standard of performance, you may not be selected to proceed to the next step of testing due to the number of other more qualified applicants in the process.

We encourage you to keep other career options open and to manage your life based on the fact you may not achieve your goal of becoming a police officer with the Metro Vancouver Transit Police. If you are advised after a testing step that others are more competitive, please remember that due to the volume of qualified applicants, the reason has less to do with you and more to do with others. This volume also means that we do not have the resources to meet with unsuccessful applicants, nor are we able to provide specific feedback to these individuals when they are not selected to continue in our process.

These words may sound discouraging to you. However, we prefer to be as direct as possible so that you know what is involved in the process. If you do not accept these conditions, please do not enter our testing process so that our significant investment of time, resources and staff can be allocated toward other more committed applicants.

---

I understand and accept that I cannot be provided with feedback if I am unsuccessful in my application to become a police officer with the Metro Vancouver Transit Police.

motivations that perpetrate such crimes This has helped researchers classify the type of perpetrator being sought This book offers readers insights into the psychology of cyber criminals and understanding and analysing their motives and the methodologies they adopt With an understanding of these motives researchers governments and practitioners can take effective measures to tackle cybercrime and reduce victimization      Official Report of the Standing Committees Great Britain.
