The HIP Investor R. Paul Herman, 2010-04-26 A new breed of investing that combines making more money and making a difference First there were the Profiteers investors who sought to make money regardless of the cost to society Then came the Do Gooders investors who avoided bad companies and supported good ones based on philosophy over financials Now this book introduces a brand new breed of investor The HIP Investor Written for those who want to profit handsomely while also building a better world it will help you discover companies that are boosting the bottom line by solving key human needs through innovative products and services benefiting customers engaging employees and delivering sustainable profitable growth for their investors That s the Human Impact Profit or HIP approach In The HIP Investor R Paul Herman creator of the HIP methodology introduces a revolutionary system that allows investors to profit and make a positive impact It values measurable results over policies and philosophies and shows how higher performing companies can deliver both human impact and profit for shareholders This book Provides a compelling easy to use investor tool kit so you can quickly HIP your portfolio Reveals the three questions you should ask when looking for a company to invest in Illustrates how world problems can be solved for profit by companies and investors making informed decisions You can make money while making a difference and The HIP Investor is here to show you how

Nintendo Randy Nichols, 2023-10-13 Originally founded in 1889 as a manufacturer of playing cards this book examines the history and political economic status of the multinational consumer electronics and video game giant Nintendo This book offers a deeper examination into Nintendo as a global media giant with some of the industry s best selling consoles and most recognizable intellectual property including Mario Pok mon and Zelda Drawing upon the theory of the political economy of communication which seeks to understand how communication and media serve as key mechanisms of economic and political power Randy Nichols examines how Nintendo has maintained its dominance in the global video game industry and how it has used its position to shape that industry This book argues that while the company s key figures and main franchises are important Nintendo s impact as a company and

what we can learn from its evolution is instructive beyond the video game industry This book is perfect for students and scholars of media and cultural industries critical political economy of media production studies and games studies
