the same time irreducible individualists and true sons of the Enlightenment all of them ambitious to play their part in bringing around the great changes that were in the air When the French Revolution came however they found themselves condemned to poverty exile and in some cases execution Telling the parallel lives of these seven dazzling but little remembered historical figures Craveri brings the past to life powerfully dramatizing a turbulent time that was at once the last act of a now vanished world and the first act of our own     *Maximes Et Pensées Diverses.
