Jasper Tudor Godfather Of The Tudor Dynasty:

Jasper Tudor Debra Bayani,2015-02-26 New fully revised and edited edition Jasper Tudor born in secrecy in 1431 rose to become one of the key supporters of King Henry VI during the difficult period of English history known as the Wars of the Roses Devoted to the Lancastrian cause and to his nephew Henry Tudor Jasper's loyalty led him through a life full of adventure When he was just six years old Jasper's life was changed dramatically by the death of his mother the dowager queen Katherine de Valois and the arrest of his father Owen Tudor soon afterwards Jasper and his older brother Edmund were called to court and by 1452 they became the first Welshmen to be elevated to the English peerage Sadly Edmund died in captivity in 1456 leaving Jasper to protect his brother's child the future king Henry VII Jasper's dedication to the Lancastrian cause took him through many of the well known battles of the Wars of the Roses including the historic victory at Bosworth It is clear that Henry VII owed an enormous part of his success in claiming the throne in 1485 to his uncle who was his closest adviser confidante and mentor In this detailed biography Debra Bayani clearly shows that Jasper Tudor was a key figure in the tumultuous history of England detailing his life from his birth in 1431 to his death in 1495 He can rightly be called the Godfather of the Tudor Dynasty This edition includes a comprehensive appendix with contemporary Welsh poems translated into English for the first time and many full page illustrations

Jasper Tudor Debra Bayani,2014-08-16 Born in secrecy in 1431 as the son of the Welsh squire Owen Tudor and dowager Queen Katherine of Valois Jasper Tudor was never supposed to live life at the political centre of England But this all changed dramatically after the death of his mother followed shortly by the arrest of his father when he was no older than six After spending most of their youth inside an abbey being raised by nuns and priests Jasper and his older brother Edmund were suddenly called to court by their half brother King Henry VI Here in 1452 they became the first ever Welshmen elevated to the English peerage When this happened both brothers stepped into a completely new life of political involvement with its many attendant problems problems that Edmund did not survive After this Jasper led a life that was completely dominated by his devotion to the Lancastrian cause and to his nephew the only son of his death brother Edmund Henry Tudor In a time when most magnates defected to the other party as soon as their own faction became submerged Jasper remained loyal to his kinsman's cause and supported him wherever it took him whether scaling triumphant peaks or more often through deep valleys His hopes and faith in what was right led him through several kingdoms and as a brave and fearless man he led the life of an adventurer throughout that most difficult period of English history the Wars of the Roses Historians often claim that Jasper's father Owen or his brother Edmund was the founder of the Tudor dynasty certainly both men played a significant role in its origins and without them the Tudors would not have been But Jasper's story proves he was the key figure and godfather of the Tudor dynasty

the lives of women throughout history is a fascinating study Elizabeth Woodville The White Queen managed to make the transition from commoner to Queen and became the epitome of medieval heroines the commoner who married a King When she became the wife of Edward IV her actions changed the life of her entire family Vilified both by their contemporaries and by many historians since the Woodville family were centre stage during the reigns of Edward IV and Richard III Elizabeth Woodville became the ancestress of future Kings and Queens This book takes a fresh look at the lives of Elizabeth's sisters Although information on them is scarce by looking at the men they married their families the places they lived and the events that they lived through we can catch a glimpse of their lives Each sister has their own story to tell and they may not have achieved the dizzying heights that their sister did but they are all fascinating women *Arthur, Prince of Wales* Gareth Streeter, 2023-06-30 The legacy of Arthur Tudor as more than just the boy who died prematurely and paved the way for the revolutionary reign of his younger brother Henry VIII At the time of his birth Arthur Tudor represented his father's hopes for a dynasty and England's greatest chance of peace As he grew he witnessed feuds survived rebellion and became the focal point of an international alliance At a young age Arthur was dispatched to the Welsh border becoming a figure head for a robust regional government While never old enough to exercise full power in his dominion he emerged as a figure of influence beseeched by petitioners and consulted by courtiers Finally after years of negotiation delay and frustration the prince finally came face to face with his Spanish bride Katharine of Aragon The young couple had shared a destiny since the cradle Securing the hand of this prestigious bride for his son had been a center piece of Henry VII's foreign policy Yet despite being fourteen years in the making the couple were to enjoy just five months together before Arthur succumbed to a mysterious illness Arthur's death at the age of fifteen was not just a personal tragedy for his parents It changed the course of the future and deprived England of one of the most educated and cultivated princes in their history Arthur would never wear the crown of England But few Princes of Wales had been better prepared to rule Arthur Prince of Wales Henry VIII's Lost Brother shows that Arthur Tudor was more than a prince who died He was a boy that really lived **Jasper** Sara Elin Roberts, 2017-05-17 Jasper Earl of Pembroke Duke of Bedford brother and uncle of kings was a central figure in the Wars of the Roses and the Lancastrian claimant during the reign of Edward IV The second son of Owen Tudor and the widowed queen Katherine of Valois he was the half brother of Henry VI who gave him a prominent role at court As one of England's major nobles and a potential successor to Henry he was seen as a threat by Yorkists He took part in the major battles of the war leading the Lancastrian forces at Mortimer's Cross and Tewkesbury The tempestuous politics in England meant that he had to spend time in exile in Brittany taking his nephew Henry with him Under Jasper's influence Henry prospered and returned to England to defeat Richard III at the Battle of Bosworth leading to the establishment of the Tudor dynasty Despite his important place in history Jasper has become the forgotten kingmaker neglected by historians This book is the first full academic study of him drawing upon contemporary sources from England Wales and France and the wider historiography to
