Assisted Reproductive Technologies in the Global South and North Virginie Rozée, Sayeed Unisa, 2016-07-15

Assisted Reproductive Technologies in the Global South and North critically analyses the political and social frameworks of Assisted Reproductive Technology ART and its impact in different countries In the context of a worldwide social pressure to conceive particularly for women this collection explores the effect of the development of ARTs growing globalisation and reproductive medicalization on global societies Providing an overview of the issues surrounding ART both in the Global South and North this book analyses ART inequalities commonalities and specificities in various countries regions and on the transnational scene From a multidisciplinary perspective and drawing on multisite studies it highlights some new issues relating to ART e g egg freezing surrogacy and discusses some older issues regarding infertility and its medical treatment e g in vitro fertilisation childless stigmatisation and access to treatment This book aims to redress the balance between what is known about Assisted Reproductive Technologies in the Global North and how the issue is investigated in the Global South It aims to draw out the global similarities in the challenges that ARTs bring between these different areas of the world It will appeal to scholars and students in the social sciences medicine public health health policy women s and gender studies and demography

The Statesman's Yearbook 2016 Nick Heath-Brown, 2017-02-07 Now in its 152nd edition The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions www.statesmansyearbook.com

Handbook of Open Universities Around the World Sanjaya Mishra, Santosh Panda, 2025-06-27 The Handbook of Open Universities Around the World is the first collection to provide a comprehensive and critical overview of open universities internationally Over 80 open universities have been established across five continents to provide a distance orientated class inclusive and high quality education for learners left behind by existing formal systems for higher and continuing education and lifelong learning This mission has been continually reshaped by major developments in open education learning technologies and online social networking as well as by the evolution of specific concerns such as the massification of education employability financial trends artificial intelligence and development agendas on the regional national and global levels This landmark volume analyzes and reflects on the planning organization management pedagogic skilling and employability and accreditation dimensions of 47 open universities in relation to their national and institutional contexts the internationalization of education and the integration of advanced learning technologies Featuring contributions by internationally recognized scholars practitioners and educational administrators this authoritative resource provides insights into the business model finances operations instructional systems enrollment patterns learner supports quality assurance professional development and more of today's open universities Through historical trajectories institutional profiles case studies lessons learned and best practices this book provides rich analytical perspectives on the status and

challenges of single mode distance learning universities as an educational phenomenon while unpacking the premise of openness itself This Handbook is primarily written for planners managers administrators instructional designers and teaching faculty at single mode distance teaching universities who are seeking to sustain their institutions in a period of rapid change government policymakers training organizations technology providers and education think tanks who are in need of authentic and research based information on technology enabled learning modeled by open universities around the world and graduate students teaching faculty and scholars who are affiliated with online and distance education learning design and technology higher education planning and management adult education and lifelong learning and education policy and future studies Chapter 54 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Watch a stimulating discussion between the book's volume editors and Sir John Daniel and Professor Stephen Murgatroyd on YouTube

Kaapse bibliotekaris, 2015 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 **The High-risk Surgical Patient** Paolo Aseni, Antonino Massimiliano Grande, Ari Leppäniemi, Osvaldo Chiara, 2023-03-07 It is well known that certain diseases and patient conditions are associated with increased perioperative risk The aim of this book is to define and identify the clinical factors that warrant a broader and more detailed assessment of pre operative surgical risk in difficult and unusual clinical settings One of the sections is dedicated to the main pathway of peri and post surgical critical care based on the patient specific deterioration risk and associated diseases here a panel of selected experts describes the correct patient oriented pathways for complex or unscheduled surgical operations in order to reduce the operative risk In addition the book describes the latest trends in minimally invasive surgical techniques that are associated with peri and post operative risk reduction and provides an overview of recent advances in surgical simulation focusing on perspectives in surgical research to increase patient safety Guidance is also provided on extracorporeal membrane oxygenation ECMO Left Ventricular Assist Devices LVADs and their management in patients requiring emergency surgery The book will help surgical trainees recognize cases with the highest surgical risk and identify the most common complications at an early stage

Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02 South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully The volume also aims to bring the innovative solutions
