What is a Mathematical Concept? Elizabeth de Freitas, Nathalie Sinclair, Alf Coles, 2017-06-22 Responding to widespread interest within cultural studies and social inquiry this book addresses the question what is a mathematical concept using a variety of vanguard theories in the humanities and posthumanities Tapping historical philosophical sociological and psychological perspectives each chapter explores the question of how mathematics comes to matter Of interest to scholars across the usual disciplinary divides this book tracks mathematics as a cultural activity drawing connections with empirical practice Unlike other books in this area it is highly interdisciplinary devoted to exploring the ontology of mathematics as it plays out in different contexts This book will appeal to scholars who are interested in particular mathematical habits creative diagramming structural mappings material agency interdisciplinary coverings that shed light on both mathematics and other disciplines Chapters are also relevant to social sciences and humanities scholars as each offers philosophical insight into mathematics and how we might live mathematically

The Hungry City Marie A. Kelleher, 2015-01-15 The Hungry City is the story of medieval Barcelona retold through the lens of food and famine Between the summer of 1333 and the spring of 1334 severe weather related grain shortages spread throughout the Mediterranean and Barcelona's leaders struggled to bring food to the city as its residents grew increasingly desperate Employing the perspectives of historical actors whose stories are drawn from the records of that catastrophic year Marie A Kelleher uses Barcelonans varied responses to crisis in the food system to present multiple ways of understanding the city as a physical space as the center of a network of Mediterranean commerce as one powerful entity within a broader monarchy as a site of religious encounter and as a complex social body Even as the central figure in each chapter offers their own version of the city the separate strands of these multiple Barcelonas intertwine to reveal the fabric of the city as a whole The medieval city was defined by its network of human relationships between its rulers and ruled its merchants artisans and laborers its religious and secular authorities its insider and outsider groups and by its overlapping local and regional geographies Barcelona in the fourteenth century was no different and The Hungry City draws together multiple lives and narrative strands to focus on a single point in time what one Catalan chronicler referred to as the first bad year providing a dynamic new perspective on the history of Barcelona and the medieval Mediterranean
