und Brillanz Measuring the World Daniel Kehlmann, 2009-03-12 Measuring the World marks the debut of a glorious new talent on the international scene Young Austrian writer Daniel Kehlmann's brilliant comic novel revolves around the meeting of two colossal geniuses of the Enlightenment Late in the eighteenth century two young Germans set out to measure the world One of them the aristocratic naturalist Alexander von Humboldt negotiates jungles voyages down the Orinoco River tastes poisons climbs the highest mountain known to man counts head lice and explores and measures every cave and hill he comes across The other the reclusive and barely socialized mathematician Carl Friedrich Gauss can prove that space is curved without leaving his home Terrifyingly famous and wildly eccentric these two polar opposites finally meet in Berlin in 1828 and are immediately embroiled in the turmoil of the post-Napoleonic world

Le roman contemporain ou la problématique du monde Jean Bessière, 2010 Etude sur le roman en ce début de XXI^e siècle son évolution depuis le XIX^e siècle les parallèles entre la littérature occidentale et non occidentale etc Mémoires Académie de Nîmes, 1893 **Mémoires de l'Académie de Nîmes** Académie de Nîmes, 1893 *Mathias Énard et l'érudition du roman*, 2020-02-03 Depuis plus de dix ans les romans de Mathias Énard connaissent un succès qui ne se dément pas *La Perfection du tir* en 2003 mais aussi *Zone* en 2008 *Parle leur de batailles de rois et de géants* en 2010 et *Rue des voleurs* en 2012 ont remporté des prix littéraires de grand renom Enfin le jury du prix Goncourt a opté en 2015 avec *Boussole* pour un roman dans lequel l'imagination romanesque a pour support une poudrue érudition portant sur l'Orient Ce volume cherche à clarifier les modalités narratives qui permettent à l'auteur de transformer l'érudition en roman mais aussi situer son œuvre dans le contexte littéraire actuel Over the past ten years the novels of Mathias Énard have enjoyed both widespread critical acclaim and commercial success In 2015 Énard was awarded the Prix Goncourt France's most prestigious literary prize for *Compass* a work which explores the fraught and often fruitful relationship between Europe and the Orient through the musings of an Austrian musicologist Yet in spite of these successes and Mathias Énard's penchant for filling his novels with historical fact little has been written about his work in academic circles This volume seeks to fill that gap and shed light on the narrative modalities that allow the author to transform erudition into narration It also seeks to situate his work in the current literary context which is being shaped ever more by historical narratives
