## Les Caves Du Vatican Sotie:

*Les Caves Du Vatican. Sotie Par L'auteur de Paludes [i.e. André Gide]. [With a Portrait.].* André Gide,1914      **Elysian Encounter** G. Norman Laidlaw,1963 This cleverly conceived book relates Denis Diderot and Andre Gide to each other as well as to their separate centuries Using a binocular approach similar to the double spotlight technique of the theater Professor Laidlaw juxtaposes the lives works and philosophies of the two French writers Constant questioning agnosticism to the deathbed and voluminous literary output characterize both Their catholic interests in science in poetry and drama in Russian ways as well as French behavior are similar Laidlaw discusses their common concern with the dilemma of morality and sincerity their fascination with literal or figurative blindness their attitudes toward death their strong sense of paradox and the delight and inspiration they both drew from foolishness      *André Gide* Alan Sheridan,1999 Sheridan presents a literary biography of one of the most important writers of the 20th century an intimate portrait of the reluctantly public man whose work was deeply and inextricably entangled with his life 35 halftones      Diaries Real and Fictional in Twentieth-Century French Writing Sam Ferguson,2018-03-09 This volume is the first study of the diary in French writing across the twentieth century as a genre which includes both fictional and non fictional works From the 1880s it became apparent to writers in France that their diaries a supposedly private form of writing would probably come to be published strongly affecting the way their readers viewed their other published works and their very persona as an author More than any other Andr Gide embraced the literary potential of the diary the first part of this book follows his experimentation with the diary in the fictional works *Les Cahiers d Andr Walter* 1891 and *Paludes* 1895 in his diary of the composition of his great novel *Le Journal des faux monnayeurs* 1926 and in his monumental *Journal* 1889 1939 1939 The second part follows developments in diary writing after the Second World War inflected by radical changes in attitudes towards the writing subject Raymond Queneau s works published under the pseudonym of Sally Mara 1947 1962 used the diary playfully at a time when the writing subject was condemned by the literary avant garde Roland Barthes s experiments with the diary 1977 1979 took it to the extremes of its formal possibilities at the point of a return of the writing subject Annie Ernaux s published diaries 1993 2011 demonstrate the role of the diary in the modern field of life writing Throughout the century the diary has repeatedly been used to construct an oeuvre and author but also to call these fundamental literary concepts into question      *The National Union Catalog, Pre-1956 Imprints* Library of Congress,American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee,1972      **1913: The year of French modernism** Effie Rentzou,André Benhaïm,2020-08-25 This book takes its cue from the annus miabilis for French culture to outline French modernism and to situate it on the map of global modernism Essays on specific works in various media present the first narrative of French modernism as a critical category and establish its position in the thriving field of modernist studies      Leonardo Sciascia's French Authors Ian R. Morrison,2009 Sciascia frequently alludes to French authors and is often taken to have a close

relationship with French literature in general However academic critics have never given this important relationship comprehensive and detailed examination This book focuses on the most relevant French writers For the majority attention falls on two complementary areas the opinions that Sciascia expresses about the writer in his essays and intertextual allusions to the writer in Sciascia s fiction These allusions often shift the meaning of the host text or markedly increase its impact This book works on the assumption that in order to analyse these effects fully a careful reading of the relevant French texts is needed This exploration leads to a reappraisal of Sciascia s relations both with particular French authors and also with French literature generally
