Children's Books in Print, 2007, 2006 **High Frequency Sight Words Gr. PK-2** Staci Marck, 2009-12-01. Sight words are words that must become automatically recognized by the reader because they are often not pronounced or spelled in regular ways. Our resource will increase sight word recognition vocabulary and comprehension as students identify 130 Dolch sight words using real life pictures as an aid. Write the sight word in the boxes that match the shape of the word. Boxes are used to help students come to understand that words can be recognized by the shapes of their letters as they contain small, tall, or hanging letters. Finish the sentence by matching the sight words with their boxes. Make sure that the words not only fit inside the boxes but also make sense within the sentence. With 100 high frequency words that make up almost 50% of everything we read as adults, having a bank of high frequency words is essential to building fluent reading skills. Aligned to your State Standards and written to Bloom's Taxonomy, reproducible writing tasks, sight word flash cards, crossword, word search, comprehension quiz, and answer key are also included. **Subject Guide to Books in Print**, 2001 Whitaker's Five-year Cumulative Book List, 1968 **Child Development** Laura E.
