

MATH PLACEMENT REVIEW GUIDE

This guide is intended as a focus for your review before taking the placement test. The questions presented here may not be on the placement test.

Although a basic skills calculator is provided for your use during the test, you are encouraged to practice doing basic arithmetic problems without a calculator.

This review is for levels of math from arithmetic through intermediate algebra. Choose the problems appropriate to your level of skill.

In order that we may reuse these materials, **please do not write directly on the review guide.**
