Mathematical Literacy Pgrade November 2014:

Mathematical Literacy on Statistical Measures Christian Büscher, 2018-07-14 In most countries only very limited time resources are available for statistics education within mathematics education Thus statistics education research needs to develop teaching learning arrangements that are compact and applicable to classrooms Christian Büscher designs and investigates a compact teaching learning arrangement which aims at mathematical and reflective knowledge about statistics Central results include the specification of the learning content of statistical measures an empirical reconstruction of students learning processes towards statistical measures and the identification of students situated reflections about mathematics within their learning processes

Using Peer Tutoring to Improve Reading Skills Keith Topping, David Duran, Hilde Van Keer, 2015-10-08 Using Peer Tutoring to Improve Reading Skills is a very practical guide offering a straightforward framework and easy to implement strategies to help teachers help pupils progress in reading A succinct introduction it shows how schools can make positive use of differences between pupils and turn them into effective learning opportunities Outlining the evidence base supporting peer tutoring approaches it explores the components of the reading process and explains how peer tutoring in reading can be used with any method of teaching reading Core topics covered include Planning and implementing peer tutoring Getting your school on board How to structure effective interaction Training peer tutors and tutees Paired Reading cross ability approaches One Book for Two fostering fluency reading comprehension and motivation Reading in Pairs cross and same year tutoring Supporting struggling readers Involving families in peer tutoring Evaluation and feedback Illustrated throughout with practical examples from diverse schools across Europe Using Peer Tutoring to Improve Reading Skills is an essential introduction offering easy to use guidelines that will support teachers in primary and secondary schools as they enhance pupil motivation and improve reading standards

Handbook of Research on Cross-Cultural Approaches to Language and Literacy Development Smith, Patriann, Kumi-Yeboah, Alex, 2015-08-04 With rapid technological and cultural advancements the 21st century has witnessed the wide scale development of transnationalist economies which has led to the concurrent evolution of language and literacy studies expanding cross cultural approaches to literacy and communication Current language education applies new technologies and multiple modes of text to a diverse range of cultural contexts enhancing the classroom experience for multi lingual learners The Handbook of Research on Cross Cultural Approaches to Language and Literacy Development provides an authoritative exploration of cross cultural approaches to language learning through extensive research that illuminates the theoretical frameworks behind multicultural pedagogy and its myriad applications for a globalized society With its comprehensive coverage of transnational case studies trends in literacy teaching and emerging instructive technologies this handbook is an essential reference source for K 20 educators administrators in school districts English as a Second Language ESL teachers and researchers in the field of Second Language Acquisition SLA This diverse publication features

comprehensive and accessible articles on the latest instructional pedagogies and strategies current empirical research on cross cultural language development and the unique challenges faced by teachers researchers and policymakers who promote cross cultural perspectives

Coaching Innovations Debbie Dailey, Patricia Kohler-Evans, 2017-10-04 This book offers alternative and innovative methods to improve preservice and inservice teacher education The book explores options in preservice education for supervisor coaching of interns completed through both traditional face to face and virtual formats Additionally professional development strategies for inservice teachers using face to face and virtual coaching are discussed with the goal of improving teachers classroom content and pedagogy enhancing teachers ability to engage diverse student populations and supporting teachers in innovative classroom technology applications The book discusses the benefit of using coaching with both preservice and inservice teachers thus shifting the focus of work with teachers from evaluation to increased support in the classroom Notably the book explores an innovative model for this work using virtual coaching to provide teacher candidates and practicing teachers much needed support embedded within their unique classroom context This model uses Bluetooth Bug in the Ear BIE devices with Skype voice over IP software to deliver virtual coaching Finally this book encourages readers to examine coaching relationships and to consider how we as educators engage in coaching practices with our colleagues and our students
