bestseller *Edel Cut*

# Leni The Life And Work Of Leni Riefenstahl

**Steven Bach**

## **Leni The Life And Work Of Leni Riefenstahl:**

*Leni* Steven Bach, 2007 An exceptional work of historical investigation *Leni* is the definitive biography of one of the most fascinating and controversial personalities of the 20th century Leni Riefenstahl the woman best known as Hitler's filmmaker

**Leni** Steven Bach, 2007 Leni Riefenstahl the woman best known as Hitler's filmmaker is one of the most controversial personalities of the twentieth century Her story is one of huge talent and huger ambition one that probes the sometimes blurred borders dividing art and beauty from truth and humanity Two of her films *Olympia* and *Triumph of the Will* are universally regarded as among the greatest and most innovative documentaries ever made but they are also insidious glorifications of Hitler and the Third Reich Relying on new sources including interviews with her colleagues and intimate friends as well as on previously unknown recordings of Riefenstahl herself biographer Bach untangles the truths and lies behind this gifted woman's lifelong self vindication as an apolitical artist who claimed she knew nothing of the Holocaust and denied her complicity with the criminal regime she both used and sanctified From publisher description

**Leni Riefenstahl** Rainer Rother, 2002-01-01 Leni Riefenstahl who will be one hundred years old in 2002 is one of the most important and controversial film makers of the twentieth century This translation of Rainer Rother's exploration of her life focuses on both Riefenstahl the woman and Riefenstahl the director Although she was admired by such greats as Walt Disney Charlie Chaplin and Andy Warhol Riefenstahl's achievements have been clouded by the fact that she operated within the context of Nazi Germany and was inextricably linked with the Third Reich BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Leni Riefenstahl Jürgen Trimborn, 2008-01-22 Dancer actress mountaineer and director Leni Riefenstahl's uncompromising will and audacious talent for self promotion appeared unmatched until 1932 when she introduced herself to her future protector and patron Adolf Hitler Known internationally for two of the films she made for him *Triumph of the Will* and *Olympia* Riefenstahl's demanding and obsessive style introduced unusual angles new approaches to tracking shots and highly symbolic montages Despite her lifelong claim to be an apolitical artist Riefenstahl's monumental and nationalistic vision of Germany's traditions and landscape served to idealize the cause of one of the world's most violent and racist regimes Riefenstahl ardently cast herself as a passionate young director who caved to the pressure to serve an all powerful Führer so focused on reinventing the cinema that she didn't recognize the goals of the Third Reich until too late Jürgen Trimborn's revelatory biography celebrates this charismatic and adventurous woman who lived to 101 while also taking on the myths surrounding her With refreshing distance and detailed research Trimborn presents the story of a stubborn and intimidating filmmaker who refused to be held accountable for her role in the Holocaust but continued to inspire countless photographers and filmmakers with her artistry

**Imagining Blackness in Germany and Austria** Sabrina K. Rahman, Michael Saman, Charlotte Szilagyi, 2020-05-15 *Imagining Blackness in Germany and Austria* offers a breadth of fresh and provocative perspectives on the ways that blackness has been configured and instrumentalized

in cultural productions from around the modern German speaking world The essays collected here examine material ranging from eighteenth century literary and philosophical landmarks to Viennese modernist art from colonial missionary literature to twentieth century sculpture film and music from National Socialist ideology to Leftist counterdiscourse Spanning a range of literary visual and theoretical discourses these essays identify crucial moments within radical paradigm shifts in the ways the concept of blackness has been employed by European intellectuals One shift can be observed within the notion of blackness itself which progresses from a state that precedes political articulation to one that is negotiated discursively Another shift sees conservative notions of race give way to a recodification of blackness as American rather than African In this way blackness becomes linked to the advent of a hegemonic power A further shift can be discerned in the ways nationalist discourses of colonial supremacy and of an impending darkening of Europe progress toward the perception of blackness as an entry point into the cultural complex known as Amerika into mass culture and into European modernity itself With an introduction by Werner Sollors this collection provides valuable compelling and timely material and insight for scholars and students interested in modern German speaking culture African American and African Diaspora studies and their intersections

*Beyond WEIRD: Psychobiography in Times of Transcultural and Transdisciplinary Perspectives*  
Claude-Hélène Mayer, Roelf van Niekerk, Paul J.P. Fouché, Joseph G. Ponterotto, 2023-05-27 This volume presents psychobiographical research in non WEIRD Western Educated Industrialized Rich and Democratic contexts and samples focusing on culture transcultural and transdisciplinary work It creates a platform for researchers scholars and scientists from diverse backgrounds to put forth new theoretical and methodological stances in psychobiography thereby making the field more inclusive diverse and equitable The chapters in this volume investigate the role of context across the life course of non WEIRD psychological subjects as well as the interplay between them and their environments across the life span They further elucidate cognitive affective and behavioural aspects of individuals with non WEIRD backgrounds The volume provides a broad and at the same time in depth perspective into psychobiography beyond the usual contexts and therefore has new and original learnings to offer across disciplines and cultures It is a breakthrough in terms of its transcultural and transdisciplinary insights into lives lived in different contexts in the world Every person is in certain respects a like all other persons b like some other persons c like no other persons This book is a challenging and fascinating exploration of extending psychobiography beyond its origins in Europe and America to women and men of different races and social and economic classes from Africa Asia and around the world At its best psychobiography can increase people s awareness of their own subjective experience and that of others contributing to movements for social cultural and political change William McKinley Runyan Professor Emeritus Professor of the Graduate School School of Social Welfare U of California Berkeley Beyond Weird is beyond needed The book triumphantly fills the gap created by a dearth of studies of people other than Western educated European and American men James William Anderson PhD Professor of Clinical Psychiatry and Behavioral Sciences

Northwestern University Chicago     The Influence of Hellenic Philosophy on the Contemporary World John G. Dellis, Stephanos A. Paipetis, 2019-04-17 This book consists of 21 papers on the influence of Ancient Greek philosophy on the contemporary world It covers such areas as history economy art and architecture mythology and the Riddle of Tartessus along with an introductory essay by Professor P Pavlopoulos the President of the Hellenic Republic The volume discusses a great variety of topics including the contribution of the ancient Greek spirit to the development of contemporary western civilization a conflict between Newton and Democritus the side effects of natural disasters from classical Antiquity until the present day and the contribution of ancient Greece to neuroscience Contributions also explore the genetic origin of the Greeks the influence of Ancient Greek architecture on neoclassical facades the myth of Theseus Hephaestus and the Smith God of the Two Lambs This book will be an essential resource for philosophers philologists educators archaeologists historians and the lay reader with an interest in Ancient Greece     Lethal Elites Alex Alvarez, Richard R.

Fernández, 2025-11-13 This eye opening book highlights the role of elites in constructing systems of persecution and extermination during the Holocaust Being highly educated or living within a certain social class doesn't prevent us from being lured into destructive systems especially when they operate to our benefit The perception that the Holocaust was largely a crime carried out by ill educated thugs acting on nationalistic hysteria and xenophobic prejudice is a myth Leaders from many sectors of society including industry science and religion came to support and enable the Nazi government often due to the ways in which they were able to profit and benefit from the policies of persecution and genocide With both a social science and historical approach Lethal Elites highlights and assesses the ways in which the influence training and expertise of the most powerful and best educated were used in service to the genocidal agenda of the National Socialist Regime

*The Sieve of Time* Leni Riefenstahl, 1992 An autobiography of controversial German dancer actress and eventually Hitler's top national film executive Leni Riefenstahl     Hitler's Women Guido Knopp, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informal company     *The Holocaust Film Sourcebook: Documentary and propaganda* Caroline Joan Picart, 2004 A comprehensive filmography listing fictional narrative films in the first volume and documentary and propaganda films in the second The films listed alphabetically were produced in many different countries The work lists films made during World War II and after including Nazi films Each entry provides bibliographic information a summary of the story and a list of primary and secondary sources Each volume contains a few spotlight essays Partial contents     *Mountains and the German Mind* Sean Moore Ireton, Caroline Schaumann, 2020 The first scholarly English translations of thirteen vital texts that elucidate the central role mountains have played across nearly five centuries of Germanophone cultural history Mountains have occupied a central place in German Swiss and Austrian intellectual culture for centuries This volume offers the first scholarly English translations of thirteen key texts from the Germanophone tradition of engagement with mountains The selected texts span over 450 years ranging from the early modern period to the postmodern era and encompass several

discursive modes of the mountain experience including geographical descriptions philosophical meditations aesthetic deliberations and autobiographical climbing narratives Well known figures covered in this translational sourcebook include Conrad Gessner Johann Jakob Scheuchzer G W F Hegel Alexander von Humboldt Georg Simmel Leni Riefenstahl and Reinhold Messner Each text is accompanied by a critical introduction that places the translated text within a broader cultural context The dual translational interpretational approach offered in this volume is intended to stimulate new international and interdisciplinary dialogue on the cultural history of mountains and mountaineering Sean Ireton University of Missouri and Caroline Schaumann Emory University are also the editors of Heights of Reflection Mountains in the German Imagination from the Middle Ages to the Twenty First Century 2012 reader cultural context The dual translational interpretational approach offered in this volume is intended to stimulate new international and interdisciplinary dialogue on the cultural history of mountains and mountaineering Sean Ireton University of Missouri and Caroline Schaumann Emory University are also the editors of Heights of Reflection Mountains in the German Imagination from the Middle Ages to the Twenty First Century 2012 reader cultural context The dual translational interpretational approach offered in this volume is intended to stimulate new international and interdisciplinary dialogue on the cultural history of mountains and mountaineering Sean Ireton University of Missouri and Caroline Schaumann Emory University are also the editors of Heights of Reflection Mountains in the German Imagination from the Middle Ages to the Twenty First Century 2012 reader cultural context The dual translational interpretational approach offered in this volume is intended to stimulate new international and interdisciplinary dialogue on the cultural history of mountains and mountaineering Sean Ireton University of Missouri and Caroline Schaumann Emory University are also the editors of Heights of Reflection Mountains in the German Imagination from the Middle Ages to the Twenty First Century 2012 reader cultural context

**Leni Riefenstahl** Leni Riefenstahl,1994-10-01 The memoirs of Leni Riefenstahl German dancer actress director photographer historical character are as controversial and combative as the artist herself Here she details her work her relationships and her remarkable life that spanned the 20th century Photos

**The Greenwood Encyclopedia of Folktales and Fairy Tales: A-F** Donald Haase,2008 Provides alphabetically arranged entries on folk and fairy tales from around the world including information on authors subjects themes characters and national traditions

**The Concise Cinegraph** Hans-Michael Bock,Tim Bergfelder,2009-09-01 This comprehensive guide is an ideal reference work for film specialists and enthusiasts First published in 1984 but continuously updated ever since CineGraph is the most authoritative and comprehensive encyclopedia on German speaking cinema in the German language This condensed and substantially revised English language edition makes this important resource available to students and researchers for the first time outside its German context It offers a representative historical overview through bio filmographical entries on the main protagonists from the beginnings to the present day Included are directors and actors writers and cameramen composers and production designers film theorists and critics producers and distributors inventors

and manufacturers An appendix includes short introductory essays on specific periods and movements such as Early Film Weimar Nazi Cinema DEFA New German Cinema and German film since unification as well as on cinematic developments in Austria and Switzerland Sections that crossreference names around specific professional groups and themes will prove equally invaluable to researchers

*Riefenstahl Screened* Neil Christian Pages, Mary Rhiel, Ingeborg Majer O'Sickey, 2008-01-01 Leni Riefenstahl is larger than life From the lure of her persona as it enters our homes via television to our pleasure in the recognition of her film images at rock concerts to her place as part of the history of the Nazi period Riefenstahl lives on in our imagination and in our cultural productions Thus the editors introduction to this volume examines the manner in which Riefenstahl haunts debates on aesthetics and politics and how her legacy reverberates in the contemporary cultural scene The editors view the collection as a three part framework The essays in the opening section of the book show that Riefenstahl is still very much alive and well and controversial in popular culture Her films continue to determine the way in which we think about the Nazi period providing instantly recognizable images and messages that often go unquestioned We cannot separate these phenomena from Riefenstahl s years of avid self fashioning The second section of the book offers treatments of the shifting mobile relationship between Riefenstahl s stubborn attempts to create and control her personae and her reactions to others re appropriations of the meanings of her life and work Reading the texts and discourses surrounding Riefenstahl these scholars treat her memoirs and her repeated assertions about herself as a springboard into understanding anew how we might approach her films in a productive way The closing section of the volume comprises essays that go right to the heart of the matter Riefenstahl s films and photography The new contexts theoretical discussions and emerging discourses that animate these essays include Scarry s treatise on beauty justice and the global the problems of history and memory the place of Riefenstahl s filmmaking technique in contemporary cinema and her appropriation of German musical traditions Fueled by the work of a diverse range of scholars then *Riefenstahl Screened* offers an opportunity to rethink the place of Leni Riefenstahl and her work in contemporary culture and in academic discourse It insists upon a critical self examination that maps a topography of how scholars and teachers avail themselves of Riefenstahl s corpus
