Paper Heritage in Italy, France, Spain and Beyond (16th to 19th Centuries) Benedetta Borello, Laura Casella, 2023-11-30 This book takes a long term approach spanning from the end of the 16th to the end of the 19th centuries to explore how men and women in Italy France and Spain collected displayed and passed down various types of papers The contributors share a core interest in the relationship between social actors and their paper heritage The collectors who come from diverse cultural social and gender backgrounds provide insights into the reasons and processes behind the accumulation valorisation and transmission of their paper heritage Unlike most studies on collecting this book shifts the focus away from collections and institutions to the owners of the collected objects and their desires for their accumulated papers This volume covers three centuries and provides insights into the aspirations of collectors and the fate of their papers after transmission It takes place against the backdrop of major social political and cultural changes affecting the Italian peninsula the Spanish monarchy and France The cultural interests and the collector networks often extended beyond Europe as noted by many of the essays in this volume Paper Heritage in Italy France Spain and Beyond 16th to 19th Centuries will interest scholars and students of Early Modern and Modern European History across various fields including social and cultural history intellectual history gender history history of collecting and patronage

Repère, 2012 *Gradhiva*, 2013 **La valorisation des archives** Françoise Hiraux, Françoise Mirguet, 2012-04-15 La

valorisation des archives a pris aujourd'hui une importance considérable liée à la montée en puissance de la société de l'information et aux nouvelles pratiques culturelles. Il importe de comprendre le phénomène dans ses multiples dimensions anthropologiques, politiques, économiques et culturelles. Mais il s'agit aussi de s'informer des outils et expériences qui se développent partout afin de lancer son tour de la mesure des moyens de chacun des projets répondant aux attentes actuelles.

Un dossier pour se (re)construire ? Véronique Fillieux, Aurore François, Marie Van Eeckenrode, Géraldine

Mathieu, 2022-06-08 L'accès au dossier personnel d'archives constitue une étape essentielle pour nombre de personnes en quête d'informations sur leur propre vie. Riche et fascinant pour le chercheur, le dossier d'archives revient lorsqu'il est consulté par les personnes qu'il concerne ou leurs descendants : une dimension identitaire forte donnant accès à leur propre histoire, celle de leur famille ou de leur communauté. Tant pour les usagers que pour les archivistes, cette démarche spécifique pose de multiples questions et débats en termes de politique de conservation, de communicabilité des dossiers, mais aussi de gestion des données. Comment les archives participent-elles aux processus de reconstruction d'identités, de reconnaissance et de justice ? Comment ces questions affectent-elles le rôle médiateur voulu aux archivistes et historien·nes ? Ces interrogations sont examinées dans le présent ouvrage en lien avec des projets de recherche en cours, des réflexions archivistiques et des pratiques, entre partage d'expérience et dialogue interdisciplinaire.
