Hugh Cornelius Muldoon, 1925 *Lessons in Pharmaceutical Latin and Prescription Writing and Interpretation (Classic Reprint)* Hugh Cornelius Muldoon, 2018-03 Excerpt from Lessons in Pharmaceutical Latin and Prescription Writing and Interpretation This book is the product of several years experience in the teaching of Pharmaceutical Latin and is designed to present in a simple and practical manner such rudiments of Latin as will enable the pharmacist to interpret correctly those portions of the language which he may encounter in the practice of his profession It endeavors to teach these essentials in the limited time usually devoted to this subject recognizing the fact that students come variously prepared in regard to both preliminary education and pharmaceutical training Neither drug store experience nor previous knowledge of Latin on the part of the student is assumed and careful explanation is made of such points as are likely to prove troublesome Simplicity is obtained by spending but little time upon pronunciation by omitting exceptions to general rules by noting but four cases of the noun and adjective with stress upon the Genitive by simplifying the third declension as much as seems advisable and by reducing verb work to a minimum The greater portion of the exercise work is on translation from Latin to English and the exercises and sentences are carefully graded in difficulty and lead gradually into prescription work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
