Sample Book Insights

- 1 The word citta has been translated as mind in the West In India it is considered that mind not only has the power of conation or volition but also of discrimination But citta really means consciousness
- 2 The first chapter of the Yoga Sutras is dedicated to the analysis of consciousness and its behavioral patterns It explains how its fluctuations can be stilled in order to achieve inner absorption and integration The second chapter reveals the whole linking mechanism of yoga by means of which ethical conduct bodily vigor and health and physiological vitality are built into the structure of the human evolutionary progress towards freedom
- 3 Yoga is the control of the movement of consciousness which leads to their complete cessation It is extremely difficult to convey the meaning of the word citta because it is the subtlest form of cosmic intelligence
- 4 The practice of yoga integrates a person through the journey of intelligence and consciousness from the external to the internal It unifies him from the intelligence of the skin to the intelligence of the self so that his self merges with the cosmic Self

Patanjali Yoga Sutras Lahiri Mahasaya, 2014-03-30 This is a scriptural commentary of Lahiri Mahasaya on Patanjali Yoga Sutras in the Light of Kriya All living beings are subject to the law of cause and effect As a result of their past actions they suffer again and again without breaking the cycle of births and deaths Desires cause them to embody and reembody in the world Once in embodiment the individual seeks happiness and avoids pain and sorrow Pleasure and or pain is reaped in this life according to past good and bad actions Moreover in order to be happy in this world one should also suffer because happiness and suffering are relative There is no escape from suffering until all desires themselves are dissolved or transcended Perfect Happiness can only be found in Peace or Shanti How can one find Peace There is no other means for finding Peace except through the practice of Yoga By the practice of Yoga the tremendously restless heart becomes calm Not only does the heart become calm by Yoga practice but longevity is also increased The body becomes healthy and absolute Knowledge is gained Who can tell how long a man will remain alive It is well known that even ordinary people without mentioning Yogis can live up to one hundred to one hundred fifty years It is also admitted that starting with the body in the mother's womb up to the age of eighty individuals are

faced with premature death What is the cause of premature death How can one prevent it Who is also lucky not to be afflicted with hereditary ill health or premature death Individuals themselves are the cause of their own death It will become clear when one analyzes the nature of his restless activities and desires in search of Happiness What could be more desirable than to enjoy Peace with a steadfast heart It is not so easy to remain steadfastly calm no matter what happens in life But why is this not possible Where is one's command over the mind One shall have to tactically acquire dominion over the mind That can only be accomplished by Yoga practice It is possible to live even when all physical and mental activities have come to a stop when one practices Yoga Yoga is one of the six systems of philosophy Yogi Patanjali is the founder of this system as well as the author of the many commentaries on Yogi Panini the father of Sanskrit grammar This very valuable tiny book is divided into four parts In the first part it describes the nature of Yoga Samadhi or Attunement with the ultimate Self and discusses its various aspects In the second part the first five steps of the eightfold Yoga path are outlined for the benefit of the truth seeker In the third part the last three steps are outlined namely Dharana concept of Tranquility Dhyana meditation and Samadhi Attunement The state of going within during meditation practice and the danger of developing yogic powers are discussed In the fourth part Kaivalya or the highest Liberation is discussed In fact discussion of Yoga is the aim of this book **Patanjali Yoga Sutras** A. K. Aruna, 2012-04-02 Composed over two millennia ago the Yoga Sutras of Patanjali remains the philosophical thread that unites the ancient and current world of yoga Yet its many translations are underwhelming lacking connection to reality and practicality Innumerable forms and sects of yoga have come and gone in between Obsessed with gaining special powers over mind and body yoga's retellers have clouded its history in a mystical mist of fantastic claims It is human nature to crave powers to radically change our lot in life These layers of dazzle and glitter have over the centuries led us further away from yoga's spiritual core The sutras' clear logical and practical path has been blurred and lost Radically breaking with this mystical tradition A K Aruna seeks to reclaim for us this fountainhead of yoga by retying the understanding of these sutras to the even more ancient source of spiritual knowledge and yoga the Upanishads The Upanishads eschewed limited pursuits in order to seek an ultimate goal that was not time bound In this still pure form of the yoga of seeking ultimate timeless truth the words of Patanjali become crystal clear and practical Yoga shines in timeless relevance A K Aruna's Patanjali Yoga Sutras A Translation in the Light of Vedanta Scripture has brilliantly refocused the light on the Yoga Sutras This is a companion translation only booklet to the Translation and Commentary version of the text by A K Aruna **Yoga Sutras** Patanjali, 1927 [The Yoga Sutras of Patanjali](#) Mahatma Pattabhi, 2020-08-10 Unlock your spirituality and develop a stronger mind and body with the wisdom of the Yoga Sutra Are you interested in learning about the roots and origins of Yoga Do you want to learn how it can help you create a stronger body mind and soul Or do you want to uncover the lessons of the ancients and how Yoga can sharpen your mind and ground your spirituality Then keep reading Far from being merely a physical exercise Yoga is a deep and profound spiritual practice which allows you to connect with your
