**Quality Assurance and Accreditation in Distance Education and e-Learning** Insung Jung, Colin Latchem, 2012-04-05 Quality assurance QA in open and distance learning ODL can be a contentious issue Some argue that it should be judged by the same criteria and methods as face to face education while others claim that it is so different in its organization enrolments and operations that conventional QA mechanisms cannot apply Some advocate the use of specific guidelines and standards for e learning others believe that regardless of the technology the basic principles of quality teaching and learning should apply Providers who have enjoyed freedom from external scrutiny may resist attempts at external regulation and auditing and look upon QA as yet another imposition of corporatization and bureaucracy on education Others see it as a means of establishing a culture of quality self reflection and self improvement There is little research based literature to guide policy makers managers and practitioners in applying QA in education and training to ensure the right balance is found between accountability and autonomy as well as assuring quality for the time and costs involved In this respect *Quality Assurance and Accreditation in Distance Education and e Learning* is a book that is long overdue It explains what is involved in QA and accreditation in education It describes and analyzes applications of these practices in open distance dual mode and conventional universities throughout Europe North America Africa and the Asia Pacific looking at open schooling e learning in conventional schools non formal adult and community education and corporate and small to medium enterprises *Quality Assurance and Accreditation in Distance Education and e Learning* is edited and authored by experts with extensive international experience in ODL e learning and QA who give careful consideration to the possibilities and challenges involved The book will be an invaluable guide for all policy makers managers practitioners and researchers in the field

**Distance Education in Nigeria and the Emergence of the National Open University** G. J. Afolabi Ojo, 1983 *Proceedings of the 8th International Conference of the Nigeria Computer Society* Ajibike O. Iteboje, 2005 *Widening Access to Education as Social Justice* Akpovire Oduaran, Harbans S. Bhola, 2006-07-10 Among the greatest challenges of the twenty first century is that of providing adequate educational opportunities to all citizens of the globe The broad availability of such opportunities and the genuine ability to take advantage of them are fundamental components of any equitable society In examining how widening access to education contributes to social justice this anthology composes a tribute to the life and work of the Nigerian educationist Michael A Omolewa The twenty seven contributions to this volume discuss foundational issues related to the educational dimensions of social justice present overviews of approaches related to widening access and analyze case studies from around the world as well as

consider future directions in education policy and research This thematic depth is matched by the geographic representativeness of the work with contributors coming from the global South and North Widening Access to Education as Social Justice speaks with a credible and powerful voice about how making greater formal and informal educational opportunities available to men and women young adults and children everywhere can help bring about more equitable ways of living together thereby fostering the goods of cultural diversity tolerance and respect along with the creativity and responsibility vital to bringing about actual social harmony *The Farfaru Journal of Multi-disciplinary Studies* ,2009
