Nature And Purposof No 68 Of 28 April 2009:

Arbitration Law of Czech Republic: Practice and Procedure Alexander J. Belohlávek, 2013-03-01 A comprehensive review of the arbitration law and practice in the Czech Republic including discussion of arbitration practice and procedure an examination of the jurisdiction of the arbitral tribunal the appointment of arbitrators including the challenge and replacement of arbitrators an analysis of the various types of awards including a discussion on deliberations agreements settlements and the costs of arbitration a discussion on the amendment and challenge of awards including the liability of arbitrators and a review of the enforcement of domestic and foreign arbitration awards **Fairness and Justice in**

Natural Resource Politics Melanie Pichler, Cornelia Staritz, Karin Küblböck, Christina Plank, Werner Raza, Fernando Ruiz Peyré, 2016-08-05 As demand for natural resources increases due to the rise in world population and living standards conflicts over their access and control are becoming more prevalent This book critically assesses different approaches to and conceptualizations of resource fairness and justice and applies them to the analysis of resource conflicts Approaches addressed include cosmopolitan liberalism political economy and political ecology These are applied at various scales local national international and to initiatives and instruments in public and private resource governance such as corporate social responsibility instruments certification schemes international law and commodity markets In doing so the contributions contrast existing approaches to fairness and justice and extend them by taking into account the interplay between political scales regions resources and power structures in glocalised resource politics Various case studies are included concerning agriculture agrofuels land grabbing water resources mining and biodiversity The volume adds to the academic and policy debate by bringing together a variety of disciplines and perspectives in order to advance both a research and policy agenda that puts notions of resource fairness and justice center stage **Risk Regulation in the Internal Market** Maria

Weimer, 2019-03-13 This book offers a topical inquiry into the legal and political limits of EU regulation in the field of risk and new technologies surrounded by techno scientific complexity uncertainty and societal contestation It uses agricultural biotechnology as a paradigmatic example to illustrate the complex intertwinement between environmental public health economic and social concerns in risk regulation Weimer analyses the drawbacks of the EU approach to agricultural biotechnology showing that its reductionism i e the narrow understanding of GMO risks as well as the exclusion of broader societal concerns related to environmental and social sustainability has undermined both the legitimacy and effectiveness of EU regulation in this area Resistance to this approach however has also triggered legal innovations prompting us to re think EU internal market law including the way in which it manages the tensions between unity and diversity and between social and economic concerns This text offers fresh and original insights into how far the EU can go in harmonizing regulatory approaches to risk At the same time it proposes new ways of re thinking EU risk regulation to make it more responsive to different perspectives on risk and technology A unique feature of this book is that it contributes to various strains of

scholarship including risk regulation internal market law public administration and studies of governance and regulation as well as connecting these themes to broader debates about the legitimacy of European integration and new ways of differentiated integration As a result it assists in re imagining the EU internal market and its regulation as a site of diversity

Vietnam and the South China Sea Do Thanh Hai, 2016-12-01 Studies of the escalating tensions and competing claims in the South China Sea overwhelmingly focus on China and its increasingly assertive approach while the position of the other claimants is overlooked This book focuses on the attitude of Vietnam towards the South China Sea dispute It examines the position from a historical perspective shows how Vietnam's position is affected by its wish to maintain good relations with China on a range of issues and outlines how Vietnam has occasionally made overtures to both the United States and Japan in order to bolster its position and considered the possibility so far resisted of taking China to formal arbitration under the auspices of the United Nations Convention on the Law of the Sea The book concludes by assessing the future prospects for Vietnam's position in the dispute

Algeria Michael J. Willis, 2022-12-15 When mass protests erupted in Algeria in 2019 on a scale unseen anywhere in the region since the Arab Spring the outside world was taken by surprise Algeria had been largely unaffected by the turmoil that engulfed its neighbors in 2011 and it was widely assumed that the population was too traumatized and cowed by the country's bloody civil war to take to the streets demanding change Michael J Willis offers an explanation of this unexpected development known as the Hirak Movement examining the political and social changes that have occurred in Algeria since the dark decade of the 1990s He examines how the bitter civil conflict was brought to an end and how a fresh political order was established following the 1999 election of a dynamic new leader Abdelaziz Bouteflika Initially underwritten by revenue from Algeria's substantial hydrocarbons resources this new order came to be undermined by falling oil prices an ailing president and a population determined to have its voice heard by an increasingly corrupt out of touch and opaque national leadership Exactly twenty years passed before Bouteflika's presidency was brought to an end by the Hirak protests this book is an authoritative account of them
