**Topical Guide to William Faulkner's Light in August** Phillip Joel Hardt, 1985

**New Essays on Light in August** Michael Millgate, 1987-06-26 *Light in August* 1932 is one of William Faulkner's most important, most challenging, and most widely studied novels, demanding to be approached from many angles and with a variety of critical and scholarly skills. Here, five distinguished critics offer just such a range of approaches, discussing the novel in terms of its composition and its place in Faulkner's oeuvre, its structure and narrative techniques, its relation to the religious, racial, and sexual assumptions of the society it depicts, its presentation of women, and handling of gender-related issues, and the social and moral implications of the hero status accorded to a figure like Joe Christmas. Each contributor has had a double ambition: to write clearly and directly, thus making the volume accessible to the widest possible audience, and to write freshly and originally, so as to enhance, even for those thoroughly

familiar with the existing criticism understanding and appreciation of *Light in August* itself and of Faulkner's work as a whole

**The Poltergeist in William Faulkner's *Light in August*** John P. Anderson, 2002-09 An analysis of Faulkner's novel *Light in August* based on the death of his daughter Alabama BACK COVER This non academic author exposes the poltergeist lurking in the cellar of Faulkner's uncanny and haunting novel *Light in August* as the ghost of Faulkner's first child Alabama She was born prematurely and died tragically after only nine days apparently in the clutches of fetal alcohol syndrome Faulkner couldn't write anything substantial for 7 months and then started this disturbing novel The author demonstrates how Faulkner's own grief experience shaped the characters and the action and how he grounded part of his personal poltergeist in this novel The resulting novel is full of tension and alienation Strangers occupy Faulkner's fictional Jefferson Mississippi against the background of the culturally reft South post Civil War The author shows how Faulkner shrouded his intensely personal grief experience in a conceptual wardrobe borrowed from the philosopher and Nobel Prize winning Henri Bergson Faulkner borrowed Bergsonian concepts of the life and death currents for the contrast in characters between those free in the present and those prisoners of the past Lena Grove the young and pregnant country girl walking for weeks to find the father of her child bears the life current and Joe Christmas the orphan turned rapist and murderer the death current The author demonstrates how Faulkner created the novel's other vivid characters using similar contrasts and how the plot strands tie together in a resonating whole The author's detailed textual analysis of important passages brings this difficult novel into focus Like the author's other books on Joyce and Faulkner use of this analysis either as literary foreplay or afterplay will enhance your reading experience of Faulkner's novel **NOVELS FOR STUDENTS** CENGAGE LEARNING.
