

# Grade 1 National Reading Vocabulary

Developed by Tarrapoffbooks - [ReadingKey.com/Tarrapoffbooks.com](http://ReadingKey.com/Tarrapoffbooks.com)

The 340 reading vocabulary words in this 1st Grade reading list have been carefully selected as words which Grade 1 students need to master by the end of the school year. Students who achieve this goal will be reading at approximately a 2-3 grade level and typically score in the top 10% on standardized national reading tests such as the Stanford Achievement Test (SAT) or Woodcock-Johnson. For comparison, our research has shown that students who know approximately 240-260 words on this list typically score at the 50<sup>th</sup> percentile on 1<sup>st</sup> Grade standardized tests.

The 340 words introduced in the 1st Grade List are arranged as follows:

1st nine weeks - 70 words - 2nd nine weeks - 60 words

3rd nine weeks - 50 words - 4th nine weeks - 60 words

TOTAL - 340 words

## STEP 1 - Inure the Foundation

The first two weeks of the program begin with a review of all component sounds. Consonant sound mastery is essential if reading progress is to achieve maximum efficiency. Failure to have all consonant sounds memorized will dramatically slow reading progress. The most difficult consonant sounds for students are - t - - w - - l - - s (at the end of a word) and - g (at the beginning of a word) - as well as the very important consonant digraphs - ch - - th - - sh - - wh.

## Intelligent Organization of Vocabulary Words

The 340 words in our Grade 1 List have been prioritized to provide the largest benefit for students learning to read. Words are organized from "most common" in the beginning weeks to the "least common" words toward the end of the year. This provides the most logical and efficient order for instruction throughout the year. Vocabulary words were selected after extensive computer analysis of common Grade 1 reading books (including Scholastic - Houghton Mifflin and Accelerated Reader). To further increase memorization efficiency, we have organized words into small groups of similar vowel sound and reading-rule categories. Our research has clearly shown that teaching words that share similar vowel sounds dramatically increases the rate in which students can permanently master (store) the new words.

## Important "Difficult" Vocabulary Words

The last word in each daily list is what we call our "Word of the Day." It is in the "gray-scale" background to separate it from the other phonics based reading words. The "Word of the Day" is typically more difficult to learn than the other words in the column. This difficulty occurs because it is either visually similar to other words (i.e. southeast - northeast) or is not consistent with typical phonics rules (i.e. does-due - what-wut). This "Word of the Day" should be given additional practice to insure its memorization (we have selected excellent activities for this).
