rules you have to follow the higher your chances of success There is also a tendency to throw too much at your body at first you end up burning out and falling off the wagon This program will build you up from the ground gently which will massively increase your chances of succeeding by sticking with the program There is a lot of confusion and misinformation when it comes to diet and exercise I have made this program very easy to follow and applied rules that have proven to work time and time again This is a no gimmicks no nonsense plan This eBook contains the following information to ensure your success in the program 18 mins workout day for week 1 8 week easy to follow nutrition plan 4 complete home exercise routines 20 video links to home exercises 10 golden rules to secure your success
