The Complete Piano Player: Book 2 Kenneth Baker, 2012-10-24 This is the second book of the Complete Piano Player course and is every bit as rewarding as the first. You will learn how to play songs by Elvis Presley, Rod Stewart, The Beatles and more while introducing new notes for both hands extending past the range of the original five finger position. Letter names will appear alongside new notes only. Carefully follow the lessons and you will find you have learned all about accidentals, chord symbols, dotted rhythms and wrist staccato as well as having increased your repertoire and grown as a musician. Remember playing little and often is the best way to make rapid progress and become the complete piano player.

By investigating musical elements of form, style and content in R & B and offering numerous musical examples, the book shows the connection between R & B and other forms of American popular and religious music such as spirituals, ragtime, blues, jazz, country, gospel and rock & roll.
