Negotiating Identities in Contemporary Africa Toyin Falola, Emmanuel M. Mbah, 2023-08-29 *Negotiating Identities in Contemporary Africa* Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women s career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa

Regionalization of African Higher Education Jane Knight, Emnet Tadesse Woldegiorgis, 2017-04-17 Growth in the scope scale and importance of higher education regionalization should not be underestimated or ignored Africa like Asia Europe and Latin America is promoting deeper cooperation among higher education bodies and institutions across the continent and focusing more attention on Pan African and sub regional harmonization of policies and programmes This is the first book which brings together diverse scholars and policy experts to examine key aspects and challenges of African higher education regionalization Chapters examine the progress and prospects of core regionalization issues and strategies such as academic mobility quality assurance recognition of qualifications research centres and networks curriculum and competencies and regional academic programmes Other chapters discuss important themes such as the relationship between regionalization internationalization and Africanization historical antecedents and perspectives an analytical model to understand functional organizational and political approaches to Africa s higher education regionalization and the influence of the Bologna process on the African Union s Strategy for the Harmonization of Higher Education Programmes Together these chapters provide a comprehensive overview of efforts by the African Union sub regional higher education associations such as IUCEA SARUA and CAMES Pan African organizations and actors key research networks and centres of excellence and the involvement or dependence on external actors and funders especially from Europe Fundamentally the book asks the question whether higher education regionalization in Africa is more rhetoric than reality It discusses the progress to date on specific themes identifies historical political sustainability and funding challenges and concludes that while the impacts of regionalization efforts have not been fully realized there is cautious optimism for the future

Thus Until Emilia Ilieva, Reuben Matheka, 2025-08-04 *Thus Until A History of Egerton University* is a thorough historical chronological and well researched account of Egerton University from a whites only college when it started in 1939 through to the expansion it has experienced over the years culminating in being a full university More than any other university in Kenya Egerton has a long and colourful history but like all the other universities it has suffered from the political economic and financial challenges of

the time especially since the double intake of the 1990s Chapter One provides the required background to the study highlighting agricultural and educational policies and steering away from the Happy Valley hype so characteristic of the period The reader will learn about the Egerton family in Chapter Two and particularly about Lord Egerton himself and the colonial circumstances within which he lived The chapter dispels some of the popularly held myths about him Chapter Three deals with the beginnings of the college and the various structural and curriculum experiments tried out and the kind of enrolment and students it experimented with as an all white establishment The chapter ends with Africans beginning to agitate for change With great attention to detail the later chapters put the university in a broader local and international context thereby increasing its relevance to society A History of Egerton University though heavily footnoted and with a detailed bibliography is written in a simple easy flowing and accessible style

Advancing Africa's Sustainable Development Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa's fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women's interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

Cultural Impact on Conflict Management in Higher Education Nancy T. Watson, Lei Xie, Matthew J. Etchells, 2018-07-01 Cultural Impact on Conflict Management in Higher Education shares information regarding conflict management and resolution in higher education from a global perspective In this book we introduced many conflict resolution methods from different regions in the world You can borrow some successful strategies and examine the differences and similarities between contexts The book shares a conflict resolution model which may direct the reader to start thinking about addressing and managing conflicts from different levels of organizations This book is a collective work of authors coming from all over the world We chose higher education as the context because it is a place where diverse thoughts perspectives and people come together Because of the potential richness of diversity on a college campus the opportunity for conflicts occurs Managing conflict does not work when there is a one way only approach model for addressing conflict Some conflict resolution encompasses multiple dimensions a one's personal beliefs or beliefs about an issue b an individual's personal history in terms of how the conflict was perceived as something to be discussed or not c work culture of the conflict where if one has a conflict the person or unit is messing up or there is a problem person d the

unconscious strategies of face saving trying to maintain one's image present the social hierarchies or relationships and of the diversity dimensions and issues that may be present

Contextualizing and Organizing Contingent Faculty Ishmael I. Munene, 2018-02-15 Contextualizing and Organizing Contingent Faculty Reclaiming Academic Labor in Universities seeks to develop a counterculture that eschews the neoliberal ideology and interlocking market values in higher education More than merely lamenting the disruptive effects of these marketplace values in higher education institutions it develops both theoretical insights and practical organizing strategies pertinent to challenging new academic capitalist values and behaviors Contributors local and international present cases from various institutions to illuminate how national trends concerning contingent faculty are articulated implemented and challenged at the local level They present organizing strategies which are analyzed from an interdisciplinary perspective providing a thorough and comprehensive view of the contingent labor movement This book will provide useful lessons to a broad array of audiences in universities labor movements and national and local governments
