Open Learning as a Means of Advancing Social Justice

Tabisa Mayisela,Shanali Govender,2024-01-23 This volume investigates the uptake of open learning in South African Technical Vocational Education and Training TVET colleges and higher education institutions Comprised of 16 studies focused on activities at a range of colleges and universities across the country these chapters aim to promote a better understanding of open learning practices across the Post School Education and Training PSET sector including issues such as recognition of prior learning access for students with disabilities work integrated learning professional development novel student funding mechanisms leadership for open educational practices institutional culture student support blended and online learning flexible learning online assessment open educational resource development models and funding and micro credentials This collection of peer reviewed chapters contributes to understanding the ways in which South African PSET institutions and educators are interpreting open learning as a means of advancing social justice It includes a historical and contemporary understanding of the economic cultural and political obstacles facing PSET drawing on Nancy Fraser s theory of social justice as participatory parity to better understand the ways in which open learning may address systemic social injustices in order to allow South African students and educators to thrive This volume emerges from research conducted by the Cases on Open Learning COOL project an initiative by the Department of Higher Education and Training in partnership with the Centre for Innovation in Learning and Teaching CILT at the University of Cape Town UCT in South Africa

Delivering Entrepreneurship Education in Africa Chux Gervase

Iwu,Richard Shambare,2023-12-14 Delivering Entrepreneurship Education in Africa brings together a collection of academic

studies that offer an in depth analysis of the current state of entrepreneurship education in Africa The chapter authors engage discussions on how to make entrepreneurship education an attractive field of study for African students

Proceedings of the International Conference on Education Research Reza Hosseini, Internationalizing US Student Affairs Practice Tamara Yakaboski, Brett Perozzi, 2018-05-30 Grounded in research and theory *Internationalizing US Student Affairs Practice* presents an inclusive framework for enhancing the intercultural competencies of practitioners students and faculty in institutions of higher education This cutting edge book explores how student affairs practitioners are well positioned to integrate internationalization strategies across student affairs divisions and functions Each chapter intentionally incorporates theories and literature from higher education and student affairs disciplines infused with international and multicultural education Promising Practices case studies written and submitted by practitioners around the world appear throughout the book to demonstrate practical applications in non US settings The strategies in this book help student affairs practitioners enhance the intercultural development of support programs and services all without leaving the home campus

In Pursuit of Epistemic Healing in South African Universities Wanelisa Xaba, 2025-09-30 This book demonstrates the epistemic challenges in the South African education system and asks readers to think critically about the university s role in a decolonial future Wanelisa Xaba reveals how Western colonial educational models severed indigenous ways of knowing and learning across the Global South and settler colonial contexts Presenting narratives capturing ongoing histories of violence this book shows how Black South African students navigate intersecting identities of race class gender and spirituality within university settings It shows how racial discrimination from fellow students academics and staff coupled with discriminatory language policies financial exclusion and violent colonial curricula affects Black students wellbeing on university campuses Xaba argues that these intersecting colonial violences mirror spiritual violence hinder their holistic citizenship in South African universities and result in psycho spiritual disease By centring Black students voices this book provides crucial insights for educators policymakers activists healers and institutions committed to creating affirming academic spaces and epistemic healing It is an insightful read for scholars researching decoloniality in higher education as well as students of feminist studies decolonial theory educational justice and critical university studies
