Orlan. Le récit-The narrative. Ediz. illustrata Orlan, Lóránd Hegyi, Eugenio Viola, 2007. Unique book addressing cooperative algorithms at the MAC layer. Cooperative Communications MAC Protocols focuses on issues pertaining to the MAC layer of wireless cooperative communication networks offering a rigorous taxonomy of this dispersed field along with a range of application scenarios for cooperative and distributed schemes to show how these techniques can be employed. The authors provide rigorous analytical tools for reservation and contention based MACs as well as hybrids. This is complemented by an application of developed techniques to specific wireless standards. There is currently no book on the market which coherently discusses cooperative algorithms at the MAC layer. Introduces background concepts applications milestones and thorough taxonomy of the field along with a range of application scenarios. Identifies the potential in this emerging technology applied to e.g. LTE WiMAX WSN. Explores reservation based contention based and hybrid cooperative MAC protocols and applies rigorous mathematical tools to these. Demonstrates cross layer design to boost performance. Addresses advanced MAC topics such as opportunistic and network coded MACs. Highlights future research challenges within the cooperative communications. Mapping Queerness in Times of Uncertainty Arnaud Kurze, Sarah Sturken, Steve Thwe, 2024-11-26. This book offers a new critical perspective on emerging and alternative spaces for emancipation within lesbian gay bisexual transgender and queer LGBTQ communities. It considers these across various geographic regions and in times of social political and ecological uncertainty and change. The work delves into complex often invisible spaces where queer communities navigate social political and ecological upheavals. Through a blend of critical theory digital mapping and rich case studies from regions like the Middle East North Africa Singapore Poland and Russia the authors illuminate the intersecting challenges of neocolonial legacies religious conservatism and political repression. A must read for scholars and advocates involved with human rights and LGBTQ organisations this book provides a nuanced interdisciplinary perspective on the evolving landscapes of queer emancipation and resistance. As such it will appeal to scholars and students of queer studies political sociology social inequality international relations global studies international justice development studies and the digital humanities.

New Critical Spaces in Transitional Justice Arnaud Kurze, Christopher K. Lamont, 2019-01-10. Since the 1980s transitional justice mechanisms have been increasingly applied to account for mass atrocities and grave human rights violations throughout the world. Over time post conflict justice practices have expanded across continents and state borders and have fueled the creation of new ideas that go beyond traditional notions of amnesty retribution and reconciliation. Gathering work

from contributors in international law political science sociology and history New Critical Spaces in Transitional Justice addresses issues of space and time in transitional justice studies It explains new trends in responses to post conflict and post authoritarian nations and offers original empirical research to help define the field for the future *Arab Spring* Eid Mohamed, Dalia Fahmy, 2019-10-08 This book provides systematic integrated analyses of emergent social and cultural dynamics in the wake of the so called Arab Spring and looks closely at the narratives and experiences of a people as they confront crisis during a critical moment of transition Providing an interdisciplinary approach to interconnections across regional and communal boundaries this volume situates itself at the intersection of political science cultural studies media and film studies and Middle Eastern studies while offering some key critical revisions to dominant approaches in social and political theory Through the unique contributions of each of its authors this book will offer a much needed addition to the study of Middle East politics and the Arab Spring Moreover although its specific focus is on the Arab context its analysis will be of issues of significant relevance to a changing world order
