

INTERVIEW EXPERIENCE

Introduction – :

An interview is a face to face conversation between the candidate desirous for the job and the employer or his representative who is offering the job. Long long ago, there were hardly any educated people. So the employees had no choice in the matters of choosing the worthiest candidate. For a post hardly one or two applicants were coming. There was no interview, but direct selection, direct appointments. With the passing of years, educated unemployed mass could be seen abundantly. For a single post, there can be thousands and thousands of applicants. This gave right preference to the employers to choose talented, efficient, promising and dedicative employee for their post. Therefore, they call them to an interview where a group of experts test the ability of the candidates, test their personality, aptitude, reasoning. I.Q. straight forwardness, manners, dedication for the service and then give appointment. Thus, an interview is a direct method of candidate selection for a post in which the fittest survives and the unfit gets sidelined.
